Faculty Development Workshops – AY 2009-2010

Save the Dates
As of 10/02/09

Workshops are free of charge. Unless otherwise noted, contact Sharon Freeman to register (sharon.freeman@tufts.edu or 617-636-0891). Workshop materials will also be posted on the TUSK Faculty Development Course website: http://tusk.tufts.edu/view/course/Medical/1891 (Please note, TUSK log-in is required). On this website you will find videotapes and materials of our faculty development workshops, as well as a compilation of our TUSM Faculty Development Handouts (handouts are also available at our Office of Educational Affairs website: http://www.tufts.edu/med/about/offices/oea/facultydevelopment/index.html).

Fall 2009 Workshops – Boston Campus

Advising/Mentoring Learners in Difficulty: How Can you Best Advise Learners and Help Those in Difficulty?
Friday, October 23, 9–11 am, TUSM, Sackler 114, Boston
Instructor: Maria Blanco, EdD, Assistant Dean for Faculty Development, TUSM
Description: Participants will discuss case scenarios related to advising/mentoring and learners in difficulty, and identify strategies for providing effective advising and mentoring. A model to approach learners in difficulty will be reviewed and discussed. Resources for successful advising and mentoring will be provided.

Learning Objectives:
- Reflect on the educational issues involved in advising and mentoring practices such as roles of the advisor and advisee, and advisor’s and advisee’s teaching and learning styles.
- Recognize strategies for providing effective advising and mentoring.
- Identify types of learner difficulties.
- Review an approach to different learner problems.
- Identify resources to successfully advise/mentor TUSM students.

Approaches to Program Evaluation: How Can you Make the Most of Your Academic Program
Friday, November 20, 9–11am, TUSM, Sackler 114, Boston
Instructor: Maria Blanco, EdD, Assistant Dean for Faculty Development, TUSM
Description: Participants will identify key questions that need to be addressed in order to successfully evaluate the effectiveness of an educational intervention. Examples of approaches to evaluate courses, curricula and programs, as well as models for designing and conducting program evaluation, will be reviewed. Participants will have the opportunity to begin to apply principles and models of program evaluation to their own educational interventions.

Learning Objectives
- Identify basic principles for designing a program evaluation.
- Review models for designing and conducting program evaluation.
- Apply program evaluation principles and models to participant’s programs.
