EXPERIENCE TUFTS: JUNE 20-21, 2013

Grafton

TUFTS UNIVERSITY PROSPECTIVE GRADUATE STUDENT DAYS

Come learn about Tufts and the nine different graduate schools that we have! This two-day program consists of workshops, panels, financial aid information, meetings with faculty members and current students, and the opportunity to attend classes! Plus there is free room and board for accepted attendees!

We encourage students from Leadership Alliance, Ronald E. McNair, and the Mellon Mays Fellows programs to apply in addition to first generation, low-income, and others from traditionally underrepresented groups!

For More Information, Please Contact:
