Preface

The Tufts University Fact Book 2017-2018 is a compilation of basic information about Tufts, covering its history, programs, students, staff, facilities and finances.

The data collected represents the Fall 2017 semester, except where noted. The University is a dynamic entity, and changes occur frequently. Updated University information is available online at http://www.tufts.edu, as well as at the various websites listed throughout this publication.

It is our belief that this information should be available to anyone interested in Tufts University. Wherever possible, we have provided historical data. The Office of Institutional Research & Evaluation website: http://provost.tufts.edu/institutionalresearch, contains all of the information found in this publication. The most current version of the Fact Book, which includes updates and corrections, is posted there. For additional information, visit the Tufts University Consumer Information (TUCI) page: http://provost.tufts.edu/institutionalresearch/about-tufts/.

As the School of the Museum of Fine Arts (SMFA) has become more fully integrated with Tufts, the way we report information about SMFA students, faculty, and staff has evolved. Previous editions of the Fact Book have counted MFA and MAT (Art Education) students in Graduate School of Arts and Sciences (GSAS) enrollment counts, and five-year BFA+BA/BS students in undergraduate Arts and Sciences enrollment counts. In this year's Fact Book, we separately itemize these students. In addition, this year's faculty counts for the SMFA are separately itemized only when broken out by department; in all other cases, they are included with Arts & Sciences. SMFA staff counts are included with Arts & Sciences.

We encourage users of this publication to use the paper publication as a starting point, and then use online resources to access the most current, up-to-date, information.

Various University departments are responsible for collecting the information presented here. We wish to thank everyone who assisted in this production. As always, we encourage your comments and suggestions.

University Vision Statement Adopted by the Board of Trustees, Fall 2013

Vision

To be an innovative university of creative scholars across a broad range of schools who have a profound impact on one another and the world.

Mission

Tufts is a student-centered research university dedicated to the creation and application of knowledge. We are committed to providing transformational experiences for students and faculty in an inclusive and collaborative environment where creative scholars generate bold ideas, innovate in the face of complex challenges, and distinguish themselves as active citizens of the world.

Selected Highlights of 2017

Leadership

Dina Deitsch in May was named director and chief curator of university art galleries, overseeing the Tufts University Art Gallery and exhibition spaces at the Boston campus of the School of the Museum of Fine Arts at Tufts University. She joined Tufts from the Carpenter Center for the Visual Arts at Harvard University.

Daniel Jay, professor of Developmental, Molecular and Chemical Biology, was appointed new dean of the Sackler School of Graduate Biomedical Sciences in September.

Abi Williams, F86, F87, after a career with the United Nations and other international organizations, returned to Tufts in September to become director of the Institute for Global Leadership.

Gregory Gottlieb was named the new director of the Feinstein International Center at the Friedman School of Nutrition Science and Policy in September. Before coming to Tufts, he was acting assistant administrator for USAID's Bureau for Democracy, Conflict, and Humanitarian Assistance.

Amy Freeman was named the university's chief diversity officer and associate provost in September. Previously she was assistant dean of engineering outreach and inclusion at Pennsylvania State University.

Alexis Mastronardi, who had been director of athletics at Emmanuel College since 2015, in September was named senior associate athletic director/senior woman administrator in Tufts Athletics. She replaced Branwen Smith-King, who left Tufts in June following a 35-year career as the head coach of women's cross-country and track and field teams and as assistant director of athletics.

University Initiatives

Tufts in January launched **AccessTufts**, a website for administrative tasks and faculty and staff-related news and announcements.

Tufts established a university-wide **Faculty Senate**, a consultative body made up of representatives from all schools to work with senior administrators, which began meeting in September. In June, Tufts unveiled **two new solar installations** on the campus of Cummings School of Veterinary Medicine.

Tufts entered into agreement with **Somerville's Greentown Labs** to support inventive clean technology solutions in September.

Tufts in September released the report of the **Student Life Committee**, which conducted a comprehensive assessment of undergraduate student life, with attention to the roles of residential strategy, student organizations, athletics, clubs, and the Greek system.

Tufts rolled out a new website in October for alumni and friends which makes it easier than ever to stay connected to Tufts. The **Tufts Alumni and Friends website** also includes opportunities for visitors to support *Brighter World: The Campaign for Tufts*.

Tufts on November 4 launched a \$1.5 billion fundraising endeavor, *Brighter World: The Campaign for Tufts*, with a gala at the Museum of Fine Arts, Boston.

Milestones

Tufts in April celebrated the completion of a \$10 million renovation of the **Henry and Lois Foster Hospital for Small Animals** at Cummings School of Veterinary Medical Center.

Tufts announced in April an agreement with Somerville and Medford that gives young soccer and lacrosse athletes in those host cities access to university playing fields.

Tufts unveiled the **Science and Engineering Complex** on the Medford/Somerville campus on October 13. The complex encompasses new construction for interdisciplinary research and teaching, Anderson Hall, and a renovated Robinson Hall.

Tufts marked the creation of a **Data Intensive Studies Center** with a major symposium on November 8.

Selected Highlights of 2017, Continued

Tufts was the only institution in Massachusetts to host *Robert Frank: Books and Films, 1947-2017*, an exhibition celebrating the work of one of the preeminent figures in 20th century photography. The exhibit was at Tisch Library from October 6 to November 5.

Tufts on December 14 dedicated the **Michael Jaharis Jr., M87P, H15 Anatomy Laboratory** at the School of Medicine.

Anniversaries

In celebration of a decade of partnership between the Tufts Institute of the Environment and the Stockholm Environment Institute (SEI), the two organizations held a **10th anniversary symposium** on April 11. The Tufts-SEI Nexus Symposium featured discussions by researchers about global issues of water, energy, food, health, and climate.

Tufts on November 11 hosted a gala at the Aidekman Arts Complex as part of celebrations capping **Somerville's 175th anniversary**.

Philanthropy

Tufts in June announced that School of Arts and Sciences faculty received a \$1 million grant from the **Howard Hughes Medical Institute** to broaden participation and cultivate the talents of undergraduate students of diverse backgrounds in the natural sciences.

A \$100,000 grant from **Cummings Foundation**, **Inc.** will help create a state-of-the-art simulation lab that provides hands-on surgical and clinical training to students at Cummings School of Veterinary Medicine.

More than 7,500 donors contributed to a record-setting **Giving Tuesday** on November 28, donating more than \$2.2 million.

Doug Rachlin, A85, A20P, made a generous gift that helped create a new synthetic turf field named in memory of Tufts economist **Daniel Ounjian**, A57, J85P, who died in 1993. Rachlin's donation galvanized others, including parents of current and former field hockey team members, to make gifts to build the new field.

Leading researchers gathered at Tufts in September to explore boundaries of biological science at the inaugural symposium of **Allen Discovery Center at Tufts University**. The center was made possible through a \$10 million grant, one of only two in the nation given by Microsoft co-founder Paul G. Allen to fund research at the frontier of the life sciences.

Tufts paid tribute to a long-time friend with the naming of **Henry J. Leir Institute for Human Security** on September 18 at the Fletcher School. The event recognized the generosity of Henry J. Leir, H79, and the Leir Charitable Foundations.

Tufts in September announced an \$8 million gift from the **James S. McDonnell Family Foundation** to establish the Institute for Research on Learning and Instruction, a ground-breaking endeavor to study how students learn and yield insights into effective teaching methods and tools.

Notable

Stephen G. Pauker, professor of medicine, was awarded a Dean's Medal on November 17. Pauker, who pioneered the use of decision analysis in national health technology assessment and international guideline development, founded the Division of Clinical Decision Making at the School of Medicine.

Iris Jaffe, associate professor of medicine and executive director of the Molecular Cardiology Research Institute, was appointed the Elisa Kent Mendelsohn Professor of Molecular Cardiology.

Selected Highlights of 2017, Continued

Tufts Athletics

Boosted by the national championship men's soccer team and runner-up NCAA appearances by the field hockey and women's basketball teams, Tufts varsity athletics program finished a best-ever third in the Learfield Sports Directors' Cup Division III standings for 2016-17.

Tufts Athletics in September established a **Hall of Fame** to honor the men and women who, through athletics participation, coaching, or service, distinguished themselves in the field of intercollegiate athletics, brought honor and acclaim to Tufts, and contributed to the success and advancement of intercollegiate athletics at the university.

Men's Soccer celebrated their first New England Small College Atheltic Conference championship in November. The Jumbos advanced to the NCAA Elite Eight and finished with a 15-2-4 record and the number 5 national ranking in the final United Soccer Coaches poll.

Speakers on Campus

Democratic vice presidential nominee U.S. Senator **Tim Kaine** (D-Va.), spoke at Tufts on January 23 as part of the Tisch College Distinguished Speaker Series.

CBS News President **David Rhodes** spoke at the Fletcher School on February in a talk moderated by Fletcher Dean James Stavridis, F83, F84.

Marian Wright Edelman, founder and director of the Children's Defense Fund, gave Tufts Hillel's Merrin Moral Voices Lecture on February 27.

Lester Holt, anchor of NBC Nightly News and Dateline NBC, gave the Fletcher School's Murrow Lecture on April 12.

Reeta Roy, F89, president and CEO of the Mastercard Foundation, spoke at the Fletcher School's convocation on September 8.

Michael Dobbs, F73, F75, F77, author of *House of Cards* and a life peer in the British House of Lords, was a visiting professor at the Fletcher School for two weeks in October.

Bin Lin, A17P, A21P, co-founder and president of the Chinese electronics startup Xiaomi, gave the Engineering Dean's Lecture on October 26, in which he shared advice about what it takes to succeed in the consumer electronics world.

Tisch College of Civic Life marked the 100th anniversary of President John F. Kennedy's birth on November 2 with a panel discussion on Kennedy's legacy of citizen service. The panel, led by **Diane Ryan**, Tisch College associate dean and a retired U.S. Army colonel, featured **Rob Gordon**, president of Be The Change, Inc.; **Dorothy Stoneman**, founder and former president of YouthBuild; and **John Bridgeland**, CEO of Civic Enterprises.

Former Democratic Party chair **Howard Dean** underscored the importance of young activists when he spoke with students on November 29 at a Tisch College for Civic Life event.

In Memoriam

Stanley N. Gershoff, the first dean of the nutrition school at Tufts, died on March 11. He was 92.

Jerry Meldon, an associate professor of chemical engineering and a faculty member since 1978, died on July 18 in North Carolina. He was 69.

Former trustee and advisor Neil Chayet, A60, passed away on Aug. 11, following a battle with cancer. He was 78.

John T. Harrington, dean emeritus of the School of Medicine and a leading kidney specialist, died on October 31 at the age of 80.

Douglas J. Marchant, A47, M51, a professor emeritus in obstetrics and gynecology and surgery and pioneer in new approaches to treating breast cancer, died on October 9 at the age of 91. He taught at the School of Medicine for 35 years.

Nelson Gifford, A52, H96, who was chair of the Tufts Board of Trustees from 1978 to 1995, died on December 20.

Aspects of Tufts University History

1852 Charter issued to Trustees of Tufts College, representing the first venture into higher education of the Universalist Church, which had founded more than a dozen academies by that date. Tufts was the 163rd institution of higher education chartered in the United States. Charter prohibits a religious test for either faculty or students.

1853 Hosea Ballou II agrees to serve as the first President, at a salary of \$800. Cornerstone laid for the college building (later Ballou Hall), on 20 acres of land donated by Charles Tufts. By 1866 the college would own over 120 acres, the bulk of the total from further gifts from Mr. Tufts.

1854 Tufts College opens with seven students and four professors.

1855 A second building is constructed to serve as a dormitory. Initially known as West Hall, it was renamed Middle Hall in 1886 and served as the college library. Finally, in 1910, it was renamed Packard Hall in honor of Silvanus Packard, an early and important benefactor of the college.

1857 First Commencement, with three students graduating.

1860 East Hall dormitory constructed, with matching support by state legislature and private donors. Tufts Alumni Association is formed.

1861 Hosea Ballou II dies. Tufts enrollment totals 53; library has 6,000 volumes. Accumulated deficit exceeds \$17,000.

Goddard Chapel, 1887

1862–1864 Alonzo Ames Miner elected President. He served without salary until 1866, when he received \$3,000. Reservoir for Charlestown constructed on hilltop. Adoption of three-year Bachelor of Philosophy program, parallel with four-year AB program, but substituting one modern language for one ancient language. Receipt of balance of proceeds from state legislature stabilizes college finances. Total college enrollment in 1864–65 was 46.

1865–1866 Baseball opens intercollegiate sports with loss to Brown. Football appeared in 1864–65, played in the spring, because baseball dominated the fall. Three-year program in Civil Engineering introduced, adding emphasis on mathematics and engineering to a basically liberal arts curriculum. Charter restriction on granting medical degrees removed.

1869 With a bequest from Mr. Packard, a Divinity School was started. A three-year course of study led to the Bachelor of Divinity degree with no tuition charge. In 1871–72 the program was lengthened to four years. By 1877–78 there were 25 students enrolled.

1870 Annual tuition was raised from \$35 to \$60. Professors receive a maximum \$2,500 annual salary. This was reduced to a maximum of \$2,000 in 1877 as an emergency measure; and remained at that level for thirty years.

1872 West Hall constructed.

1874 President Miner resigns. College assets total over \$1,000,000.

1875 Elmer Hewitt Capen elected President. Enrollment totals 56, exclusive of the Divinity School.

1876 Master's degree no longer given "in course" (fee payment plus continued existence for three years past graduation). These had been given since 1861. Earned Master's degrees offered for minimum one-year study in two departments. By 1886, 20 Master's degrees conferred; 1886–1896, 40; 1896–1906, 80. Some of these were Bachelor's/Master's degrees given simultaneously on completion of all requirements, often in four years.

1877 Tuition and fees total \$100; continuing financial problems.

1878 Charter amendment raises number of Trustees from 23 to 30.

1879 Total enrollment, 102.

1881–1882 Trustee bylaws provide that faculty appointments can be made without express limitation of time, but Trustees reserve right to dismiss at any time. A capital drive nets \$150,000. Some land has to be sold at various points in 1880s and 1890s to meet budget crises. Goddard Chapel completed.

1883 Engineering degree becomes Bachelor of Mechanic Arts. Electrical Engineering program started, though a formal department was not created until 1890. Master of Mechanic Arts degree offered with similar requirements to Master's degrees in Letters.

1884 Barnum Museum for Natural History constructed. West wing was expanded in 1894; East wing, 1934–35; Dana Laboratory, 1963–64.

1887 Dean Hall dormitory constructed. Razed in 1963 for Fletcher expansion.

1890 Charter amendment allows Trustees to "establish and maintain a preparatory school" (for engineering).

1893 The Medical School of Tufts College opened its doors in October, with a student body of 80.

1896 First females graduate from Tufts University.

1899 Through an act of the state legislature, the Boston Dental College became Tufts College Dental School and was given the right to confer a Doctorate of Dental Medicine degree. The first mention of research being carried on was made, accompanied by a plea for funds to assist various projects.

1901 A new three-story medical/dental facility opened, at a cost to build of \$110,000, on the corner of Huntington Avenue and Bryant Street.

Barnum Museum, 1894

1902 The Dental School expanded its course of study to a four-year program.

1903 Medical School enrollment, 384 (largest in New England, 7th of 175 schools in the U.S.) and a faculty of 103. Students were 97% from New England, 80% from Massachusetts. Admission was by high school diploma or equivalent; about half of freshmen were not promoted to second year.

1903–1904 A special five-year AB/BD degree introduced to get better students for the Divinity School.

1904 Medical and dental tuition rose to \$150. Experimental five-year AB/BS degree introduced.

1904–1905 Engineering enrollment: 177; 1905–06: 188; 1906–07: 218. Severe overcrowding, limited faculty.

1905 Divinity School enrollment continues to shrink despite absence of tuition or room charge. Carnegie Foundation establishes pension system for teachers. All Tufts schools qualify except the Divinity School, because of religious ties. Teachers Insurance and Annuity Association (TIAA) founded in 1919, but Tufts could not join for many years thereafter. President Capen dies; Frederick William Hamilton takes office in 1906 after serving as Acting President in 1905. At the 50th anniversary of its opening, Tufts enrollment totals about 1,000; instructional staff of 175; the College is 38th in size in the country.

1906 Serious financial difficulties in the Hill schools lead to sale of substantial block of land. Albert Crane leaves \$100,000 bequest to endow Divinity School, which is renamed Crane Theological School. Continuing concern with admissions numbers and quality. All five seniors elected to Phi Beta Kappa were women.

1906–1907 Tuition at Hill schools rose to \$125. Women make up 70% of entering class to College of Letters.

1907 Engineering requirements for admission same as for College of Letters, except for advanced work in ancient languages. For degree, 10 credit hours more than for AB. Arts and Sciences faculty decided to admit no more students to PhD programs. Charter amendment designated 10 Trustee positions to be filled by alumni; Board of Overseers dissolved.

1908 New library, gift of Andrew Carnegie, ready but unopened for two years for lack of operating funds. Named for Rev. Charles Eaton at request of Mrs. Carnegie.

1909 The Graduate School of Arts and Sciences is established.

1910 Addition of 4th floor to Huntington Avenue building. Charter change created separate Jackson College for Women, opened with 54 students from the College of Letters, 6 transfers, 2 special students, and 23 new students. Housed academically in Miner Hall, as Crane is moved to Middle Hall. Separate classes from men, except where small number or inadequate lab space mandated coeducation. Women offered choice of Jackson College or Tufts degrees. Carnegie report on medical education by Abraham Flexner. Requirement of diploma from accredited high school for admission to Medical School-no "equivalents." Tufts joins league of Boston colleges in joint extension program, offering adult education courses leading to an Associate of Arts degree. Continued, though with only nominal participation, until 1940 when opened own Extension Division.

1911 Medical School took over Grace Hospital in Boston, with control of medical and surgical services, but could not run Hospital and canceled lease in two years.

1911–1912 Crane Theological School down to 10 students.

1912 President Hamilton resigns; Professor William L. Hooper (Engineering) named Acting President. Coeducation resumes, though Jackson College continues as legal entity. Accumulated deficit reaches \$250,000, but reduced to \$100,000 by 1917.

1913 Braker bequest received, intended to found School of Business Administration. The creation of the School was voted by the Trustees in 1910, but because of continuing disagreement between Board Chairman Fletcher and President Cousens over the nature of the school, it was never founded. The former wanted a graduate professional school, the latter a constituent part of Arts and Sciences. Dean Harold Williams retires after 15 years as head of both Medical and Dental Schools. In 1917 separate deans are appointed for the first time.

1914 Hermon Cary Bumpus elected President. Under pressure from AMA, one year of college was instituted as an admissions requirement to Medical School, and a one-year pre-med program was started at the Medical School to meet this need. Forsyth Dental Infirmary for Children opened its doors.

1915 American Radio and Research (AMRAD) was incorporated, and constructed a wireless station with elevated antenna in building later to be named North Hall. In cooperation with the Electrical Engineering department, much experimentation and broadcasting were done. The foreign language requirement for the AB degree was reduced to one ancient and one modern language.

1916 Anatomy building constructed adjacent to Huntington Avenue property; enlarged in 1917 and again in 1920. Founding of the Forsyth–Tufts School for Dental Hygienists in 1920.

1917 Two years of college required for Medical School admission. American Association of University Professors (AAUP) chapter established at Tufts.

1917–1918 College shifts to war footing; President Bumpus working in Washington; war emergency courses for civilians; establishment of Student Army Training Corps units.

1918 President Bumpus resigns; John Albert Cousens named Acting President, and President in 1920. Enrollments were Jackson, 174; Engineering and Letters, 521; Medical, Dental, and Pre-med programs, 900. (The size and reputation of the health-related programs made many outsiders think of Tufts only as a medical/dental college.) Professors' salaries raised \$500 to \$2,500. Tuition up to \$150 in Letters, Jackson, and pre-med; \$175 in Bromfield-Pearson, Medical, and Dental; and \$200 in Engineering.

1919–1920 Graduate study reduced to ten Master's students in history.

1920 Tufts acquired the Stearns estate, which consisted of vacant land and the family homestead. Before the Civil War, Stearns' home was the Medford headquarters of a branch of the "Underground Railroad." AMRAD building constructed for manufacturing space (eventually tied to Cousens Gym). Electrical Engineering labs take over old wireless station. A major fund raising campaign between 1918 and 1923 with major support from the General Education Board (a foundation) raised faculty salaries for professors to between \$3,000 and \$4,000.

Fletcher Hall, ca. 1920

1921 One year of college required for admission to Dental School and a one-year pre-dental program (much the same as pre-med) introduced. After some wavering, four-year dental program stabilized. President Cousens set enrollment limits of 450 on Medical School, 500 on Dental and 400 on the combined pre-medical/dental program. Decision to grant no more Master's degrees for work done in absentia.

1922 As a result of imposition of one-year prerequisite, entering Dental class drops to 21, but rapidly resumes normal 70–80 afterwards. Requirements for admission higher in Medical than in Dental, but Medical running at a surplus and Dental at a deficit. American Medical Association insists on separation of medical and dental students; the separation was resisted, but was accomplished to some extent.

1923 Pearson Chemistry building constructed. Major bequest from Board Chairman Fletcher intended to found School of Law and Diplomacy. It took four years to settle the estate, but five professorships in related liberal arts areas were endowed immediately.

1925 Trustees set enrollment limits of 900 for Hill—350 Liberal Arts, 250 Jackson, 300 Engineering, just over actual enrollment.

1925–1926 Trustees use Braker estate in accord with will, but not original intention, to establish graduate teaching fellowships (especially in economics, but also in history and English), to broaden course offerings in business areas, endow a professorship in Commercial Law and to construct Braker Hall, opened in 1927.

1926 "Brick Yards" clay pit property across railroad bought for eventual conversion to playing fields. Fletcher Hall constructed. Carnegie survey of dental education rates Dental School well. The School has been graduating an average of 70 dentists a year since 1900. Since 1924, staff had numbered more than 130. Generally, it had run at a surplus until the First World War, helping out the Medical School; after the war it ran at a deficit. In 1927 two years of college were required for admission.

1927 Stratton Hall Dormitory for Women opened. About 51% of Liberal Arts students, 29% of Jackson and 62% of Engineering live off campus. No graduate, medical or dental students live on campus. Operating budget exceeds \$1,000,000.

1928 Medical School entering class of 135 selected from over 1,200 applicants. Only Class A Medical School in country operating without financial reserves assigned from the parent university.

1928–1929 Crane Theological School enrollment back up to 36. Ancient language requirement dropped for the BA degree.

1929 Pre-medical and pre-dental programs in Boston terminated. Association of American Medical Colleges (AAMC) required same standards for admission to pre-medical course as admission to BA program.

Contemplation of possibility of moving Medical School to Medford. Despite the concern that the Hill schools were considered only adjuncts of Boston and despite the fact that over 1/3 of the Liberal Arts students were enrolled in a seven-year BA/MD program, the enrollment ceiling in Liberal Arts was raised to 500 to accommodate some of the former pre-meds. Tufts first accredited by New England Association of Schools and Colleges (NEASC).

1930 Medical School running at a surplus; college uses some \$200,000 between 1927 and 1937 to help fund operations on the Hill. The New England Medical Center, linking Tufts Medical School, Boston Dispensary, and the Boston Floating Hospital, chartered by the General Court Massachusetts. The Dispensary was founded in 1796, the first organized free medical service in New England, third in the country. The Boston Floating Hospital for Infants and Children was founded in 1894, providing clinical care in the healthful air of Boston Harbor, Using rented barges, then a specially constructed ship (1906) and supplementing the activities with on-shore clinics and extensive home visits in 1926, the Floating Hospital continued until the boat burned in 1926. In 1931, a new building was constructed for the Floating Hospital adjacent to the Boston Dispensary.

1930–1931 Tuition goes to \$300 in Liberal Arts and Jackson.

1931 Bingham Associates Fund and Program established to aid physicians in rural areas, principally in Maine, but also in Massachusetts and Connecticut, eventually involving over 60 hospitals. A further gift from Mr. Bingham enabled Dr. Pratt to found a diagnostic clinic in the Boston Dispensary as the care activity of the Bingham program. AMRAD merged with Magnavox, leaves the campus. Electrical Engineering takes over the AMRAD building.

1931–1932 Gymnasium built, later to be named for President Cousens. Agreement reached to found The Fletcher School of Law and Diplomacy administered by Tufts College and Harvard University.

1933 Because of depression-induced financial difficulties, all faculty appointments until 1936 were one-year appointments. It was not necessary to reduce permanent staff. The Fletcher School opens in remodeled Goddard Gym, with 21 students and an enrollment limit of 50. Though the desire was for a full-time faculty, the School was run with part-time faculty, many of them from Harvard. The students also had access to Harvard courses. Degrees of MA and MA in Law and Diplomacy authorized; the PhD was added later. The Fletcher library, named for Edwin Ginn, received several major collections.

1933–1934 The degree of Master of Education authorized.

- 1934 Further discussions with Harvard over administrative difficulties result in new agreement giving Tufts "entire control" of the Fletcher School, thenceforth to be run "with the cooperation of Harvard University." The Dental School adopts specification of the American Association of Dental Schools requiring two years of college for admission, effective 1937–38. By 1936–37 about half of entrants had already earned college degrees.
- **1934–1935** Of the 55 graduate students enrolled, half were school teachers working in the Department of Education. Only seven of the 55 paid any tuition and nine were not degree candidates. Despite a requirement of college degree for admission and an attempt to cut down enrollment by reducing entering class to 100, Medical School loses Class A rating and is placed on probation.
- **1937** President Cousens dies; Dean George S. Miller named Acting President. Maximum enrollments for Hill schools changed by Trustees to Liberal Arts, 600; Engineering, 350; Jackson, 300; again, just above the actual enrollments. Crane enrollment at 60.
- **1938** Leonard Carmichael elected President. President's House built. Joseph H. Pratt Diagnostic Clinic and Hospital founded as a part of the New England Medical Center. Pratt Hospital building constructed across the street from the Boston Dispensary.
- **1938–1939** Administrative reorganization in Arts and Sciences establishes the positions of Dean of the Faculty of Arts and Sciences and Director of Admissions.
- **1939–1940** Faculty contracts again reduced to one-year appointments and so maintained during Second World War. Pilot training program begun under supervision of Dean of Engineering. Special Engineering and Management taught day and evening. University Extension formed to provide adult education courses. B.S. in Education authorized under Extension Division.
- **1940** Floating Hospital forced to start charging fees to those who could pay. Trustees adopt formal statement of academic freedom and tenure proposed in 1938 by American Association of University Professors (AAUP) and Association of American Colleges.
- **1941** Navy ROTC unit established at Tufts. Tuition rose to \$350 in Arts and Sciences Schools. During war, Fletcher suffered losses of enrollment and much of faculty.

- **1942** Affiliation with Bouve-Boston School of Physical Therapy offering women programs in physical education and physical therapy, administered through Division of University Extension. All schools but Fletcher go on year-round accelerated schedule, maintained until 1946, when two-semester schedule was restored, but the summer session was organized as a regular program.
- **1943** Navy V-12 program initiated, with 1,000 trainees on campus.
- **1944** Reservoir on Hill turned over to college by Metropolitan District Commission, dismantled and filled in
- 1945 Total enrollment of 2,369 with 307 veterans rises in 1946 to 3,385 with 2,125 veterans. In 1946–47, 80% of the enrollees in Liberal Arts and Engineering were veterans. Married student housing known as "Stearns Village" constructed adjacent to Cousens Gym, and remained for about 10 years. The veterans introduced a geographical dispersion which persists. In 1939–40, 80% of the Hill students came from within 50 miles of Medford; by 1945 every state was represented. Affiliation established with School of the Museum of Fine Arts and the Boston School of Occupational Therapy, both administered through the Division of University Extension. Pool built at the gym.
- **1946** Pratt Hospital renamed Pratt Clinic-New England Center Hospital. College acquired land on Harrison Avenue adjacent to other parts of New England Medical Center.
- **1947** PhD programs reauthorized in Arts and Sciences.
- **1948** Farnsworth Building added to New England Center Hospital, transforming diagnostic clinic to full general hospital for adults. Space rented in Ziskind building for hospital-based research. Bookstore and Jackson Gym for Women constructed in Medford. Overcrowding in Eaton Library, as collection grows past 150,000 volumes. War Memorial Wing added in 1950.
- 1949 Division of University Extension renamed Division of Special Studies. Contract with Forsyth for academic instruction of dental hygienists. Forming of Air Force ROTC with 300 students enrolled. Army ROTC units in existence in Medical and Dental Schools. ROTC enrollments had continued strongly after the Second World War and during the Korean Conflict in 1951. Seventy percent of the male students in Liberal Arts and Engineering were on a ROTC program. Clayton Center and Professorship established at Fletcher. Slow progress toward building a full-time faculty.

1949–1950 Medical and Dental Schools moved to Harrison Avenue.

1950–1952 Second Century Fund Campaign. At the conclusion of its first century, Tufts had an enrollment of 3,356, an operating budget that exceeded \$5,000,000, and an endowment of \$11,000,000.

1951 Affiliation with the Nursery Training School (later named Eliot-Pearson) through the Division of Special Studies. Construction started on Posner Hall dormitory for Boston students.

1953 President Carmichael resigns. Professor Nils Yngve Wessell named Acting President, President in 1953-54.

28 Sawyer Ave., 1955

1954 Posner Hall, the first dormitory for Tufts medical and dental students, opened on Harrison Avenue. Inauguration of special education programs in Division of Special Studies, General Electric Apprentice Program, and Executive Development Program among others. Limitation of Crane School to graduate students. Establishment of Civic Education Center with funds from Lincoln Filene Foundation. Construction of Hodgdon Hall.

1955 Change of name from Tufts College to Tufts University, retaining corporate identity of Trustees of Tufts College. Undergraduate divisions were renamed colleges and graduate divisions, schools. The Dental School officially became Tufts University School of Dental Medicine.

1956–1958 Carnegie-financed self-study, with complete review of University purposes and set of recommendations.

1958 Rehabilitation Institute building added to Boston Dispensary, to house rehabilitation services started in 1951.

1959 Merger of Boston School of Occupational Therapy with Tufts as a department in College of Special Studies.

1959–1962 Construction of Dewick Hall, 1959; Bush Hall, 1959; Tilton Hall, 1961-62.

1960 Formal adoption of brown and blue colors used informally, but without definition of shade, since 1878.

1960–1962 Tufts University Program for \$7,550,000 successfully completed. Objectives included \$1,875,000 for faculty salaries; \$905,000 for financial aid; \$100,000 for improving campus grounds. Buildings resulting from Program: Wessell Library; Dana Laboratory; Michael Laboratories; Lincoln Filene Center; conversion of Eaton Library; Patten Auditorium; TU-BSOT headquarters.

1960–1965 The heyday of graduate school expansion came in the 1960s. In the seven years ending in 1964, the number of applications per year went from 219 to 759; actual registration of graduate students increased from 220 to 465 (including part-time); the number of master's programs went from 21 to 31; and the number of doctoral programs shot up from 8 to 20. There were 121 PhD candidates enrolled in 1964, and two years later there were the equivalent of 404 full-time students of whom 260 were actually enrolled full-time. The maximum enrollment of 300 full-time equivalents set by the trustees in 1959 was reached in 1964, and in 1965 the idea of setting any numerical limit at all was abandoned. Sixteen of the 23 doctoral programs existing in 1967 had been established since 1959.

1961 Impetus given to the concept of a Tufts-New England Medical Center, Inc., naming a Vice President for Health Affairs, with hospital as well as educational responsibilities, and by initiation of a Medical Center-wide planning effort. Major revision of the undergraduate curriculum. New England Medical Center becomes Tufts-New England Medical Center (T-NEMC), a tax-exempt unincorporated alliance.

1962 Crane faculty withdraws from Arts and Sciences to independent professional school status; rejoins in 1965. Inauguration of overseas program with Tufts-in-Italy.

1963 Merger of the Eliot-Pearson School for Early Childhood Education with Tufts University to be known as the Eliot-Pearson Department of Child Study in the School of Arts and Sciences.

1963–1965 Construction of Mugar Hall and renovation of Goddard Hall for The Fletcher School.

1964 Transfer of the Bouve–Boston School of Physical Education and Physical Therapy to Northeastern University. Tufts takes over Bouve buildings as Hill Hall and Lane Hall. Transfer of the Forsyth Hygiene School to Northeastern. Creation of the Experimental College within the Faculty of Arts and Sciences.

1965 Merger of the Boston Dispensary, the Floating Hospital and the Pratt Clinic–New England Center Hospital to form the New England Medical Center Hospitals, as the clinical unit of the Tufts–New England Medical Center. Construction of Wessell Library. Introduction of Columbia Point (Boston, Mass.) and Mound Bayou (Mississippi) Community Health Centers. Phasing out of non-degree programs in College of Special Studies (e.g., General Electric Apprentice Program).

1966 President Wessell resigns; Professor Leonard C. Mead named Acting President.

1967 Burton Crosby Hallowell elected President.

1968 Termination of Tufts-in-Italy; introduction of Tufts-in-London. Crane Theological School terminated in its 99th year by Trustee action. Tufts-New England Medical Center established a Massachusetts nonprofit corporation.

1970–1972 Design of new degree programs (BS in Engineering and BS in Engineering Science) permitting general rather than specific concentration in engineering and higher proportions of liberal arts courses.

1971 Creation of College Within; within the Faculty of Liberal Arts and Jackson. North Hall gutted by fire.

1972–1973 Long range planning studies for the undergraduate programs, for the Tufts-New England Medical Center and for the university as a whole. The 10-floor Dental Health Sciences Tower opened at One Kneeland Street, and was officially dedicated in 1973.

1973 Construction of Dental Health Sciences Tower and of Proger Building for the New England Medical Center Hospital, built to form an integral operating unit as the first block of an eventual complete new health center.

1975 Barnum fire: Loss in fire of elephant Jumbo, Tufts mascot, donated by P.T. Barnum, an original Trustee, in 1880s. Inauguration of Integrated Studies Program in the Experimental College. Construction of Eliot-Pearson Curriculum Research Laboratory.

1976 President Hallowell resigns; Jean Mayer elected President. Nutrition Institute inaugurated. Association with Institute for Foreign Policy Analysis approved.

1977–1978 Feasibility studies for proposed School of Veterinary Medicine. Federal authorization for Department of Agriculture Human Nutrition Research Center on Tufts Boston campus. Agreement on crossregistration and a five-year music degree with New England Conservatory of Music.

1978–1979 School of Veterinary Medicine authorized in 1978 and accepted its first class in the fall of 1979. Completion of Barnum Hall reconstruction and expansion. Gift of Priory at Talloires, France, and inception of special programs there.

Consists of Provost/Senior Vice President, Vice Provost for Research, Associate Provost for Institutional Research and Evaluation, Senior Vice President for University Relations and General Counsel, Senior Vice President for Advancement, Vice Presidents for Finance and Treasurer, Human Resources, Operations, Information Technology & Chief Information Officer, Associate General Counsels, Executive Director of Audit & Management Advisory Services, Director Special Projects, and other individuals as topics dictate. Meets monthly.

Diversity and Inclusion Leadership Council (DILC)

The DILC is a university-wide committee that strategically engages with current and future diversity issues to effectively position Tufts as a welcoming, equitable, and democratic educational and work environment. Its membership is comprised of leaders from across the university, graduate and undergraduate students, and is chaired by the President. In addition to providing a vision of Tufts' future, the DILC also serves an accountability function for the Diversity & Inclusion Working Group. It meets about three times during the academic year.

Diversity and Inclusion Working Group (DIWG)

The DIWG is a university-wide committee that is tasked with implementing the goals stated in the 2013 Diversity Council Report as well as the emerging concerns raised by the DILC. It serves as a venue for representative leaders across Tufts' four campuses to create systemic solutions to problems across the university. It is chaired by the Chief Diversity Officer and Associate Provost who manages the various ongoing areas of concern: recruitment and retention; cultural competence; media; and assessment and the reporting of data. It periodically reports back to the DILC on its progress. It is divided into subcommittees who meet regularly.

Research and Graduate Programs Council

Chaired by the Vice Provost for Research, the Council provides a forum to exchange information and coordinate research and graduate programs across the University with the goal of continuously improving existing programs and encouraging initiatives that enhance Tufts University's academic leadership. Membership consists of the Graduate Academic Dean of each School, the Research Dean/Director of each School/College and the HRNCA, as well as the Director of Postdoctoral Affairs. Meets four to five times per year.

2017

Graduate and Professional Student Admissions Recruitment Committee (GAPSARC)

Administrated by the Office of the Provost, this committee provides a forum for Tufts administrators and faculty who are actively involved in the recruitment of graduate and professional students from under-represented groups. The purpose of GAPSARC is to create a space for graduate schools to share resources and develop best practices for the benefit of their individual school. Meets two to three times a year.

IT Steering Committee and Subcommittees

Sponsored by the Office of the CIO, the IT Steering Committee and its five subcommittees operate in conjunction with the CIO Council. Chaired by the CIO, the IT Steering Committee recommends university-wide IT policy and strategy in areas that span the subcommittees, as well as prioritizes subcommittee-recommended capital projects for Tufts' capital committees' consideration. In addition, the IT Steering Committee evaluates and adjusts Tufts' IT governance and project portfolio management practices and processes, and periodically oversees and reviews the overall governance model's form and function. Meets twice per semester.

Subcommittee on Administration

The Administration Subcommittee is jointly chaired by the Associate CIO for Service Delivery and Operations and the Senior Director of Tufts Support Services. The Administration subcommittee contributes to developing university-wide policy and strategy for administrative technology systems and services. In addition, the group advises on the scope and nature of administrative technology projects and service proposals and provides feedback and advice on service quality and standards of administrative technology systems and services. Furthermore, it identifies opportunities and approaches to engage the Tufts community in informing and evaluating administrative technology systems and services. Meets each month throughout the calendar year.

Information Stewardship Subcommittee (ISS)

The Information Stewardship Subcommittee (ISS) is jointly chaired by the Director of Information Security and the Associate Provost. The ISS contributes to developing university-wide policy and strategy for the stewardship of institutional data, by evaluating and reviewing existing policies for information management. This includes information security, privacy, government and industry regulation, and information management principles in support of the university's vision and mission. The ISS advises on the scope and nature of data management projects and service proposals and advises on programs and practices advancing information stewardship across Tufts. It promotes awareness of and engagement in the university's information policies and programs; educating the community on effective information stewardship practices. The full subcommittee meets six or seven times throughout the calendar year.

Subcommittee on Research & Scholarship

The Subcommittee on Research & Scholarship is jointly chaired by the Director of Research Technology and the Chair of the Department of Mathematics. The group contributes to developing university-wide policy and strategy for technology infrastructure and services that support and advance research and scholarship across Tufts' wide range of academic disciplines. In addition, it advises on the scope and nature of research and scholarship technology projects and service proposals and provides feedback and advice on service quality and standards of technologies and services that support and advance research and scholarship. Meets every two months throughout the calendar year.

Subcommittee on Teaching & Learning (SCTL)

The Subcommittee on Teaching & Learning (SCTL) is jointly chaired by the Director of Educational Technology and Learning Spaces and a Tufts faculty member. The committee is composed of faculty and senior academic administrators from across the University. The SCTL advises on university-wide IT policy and strategy in support of educational practice and innovation at Tufts. The committee guides educational technology priorities, projects, and services. Meets every six weeks throughout the academic year.

Standards & Architecture Subcommittee

The Standards & Architecture Subcommittee is jointly chaired by the Director of Enterprise Architecture and the Associate Director of Enterprise Systems. The Standards and Architecture Subcommittee advises on the development of enterprise technology and architecture standards and advises on technology roadmaps in support of academic and administrative functions, processes and services. Meets six to eight times per calendar year.

Retirement Investment Advisory Committee (RIAC)

Chaired by the Executive Vice President, the RIAC consists of the Executive Vice President, Vice President for Human Resources, Vice President for Finance & Treasurer, Chief Investment Officer, Director of Benefits, at least one member of senior faculty and senior staff, external ERISA Counsel and an external Retirement Investment Consultant. Each member of the Committee is appointed by the President. The purpose of the RIAC is to provide oversight management and control of the assets of the university's employee pension benefit plans, as defined in the Employee Retirement Income Security Act of 1974 (ERISA). The Committee is the plan fiduciary under ERISA and discharges its duties solely in the interest of plan participants and beneficiaries and in accordance with the terms of the plans. The RIAC meets four times per calendar year.

Student Information System Steering Committee

Chaired by the TTS Director of Enterprise Applications and a rotating Committee Member, the Committee provides representation from high level student services administrators from each of the schools, Institutional Research and Finance. Consists of Assistant Dean of student Affairs of Cummings School of Veterinary Medicine, representation from the Executive Associate Dean of Fletcher School, Associate Dean of Admissions and Enrollment of the Medical School, Associate Dean of the Sackler School, Associate Dean for Admissions and Student Affairs of the Dental School, Dean of Student Services of AS&E, Associate Dean of PHPD, Associate Dean of Student Affairs of the Friedman School of Nutrition Science and Policy, and includes Associate Provost for Institutional Research and Evaluation, Director for Institutional Research and Evaluation, Director of Financial Services, TTS Director of Enterprise Applications, and Associate Director of Student Systems Services. The Steering Committee generally meets bi-monthly.

IT Steering Committee for Educational Technology in the Health Sciences

Chaired by the TTS Director of Educational Technology and Learning Spaces, the IT Steering Committee for Educational Technology in the Health Sciences advises on the strategic direction of educational technologies across the health sciences at Tufts, including classroom technologies and the software and services critical to teaching in the health sciences, including TUSK. Deans of the Medical, Dental and Veterinary Schools designate committee members in conjunction with the VP and Chief Information Officer. Membership is reviewed on an annual basis and all records regarding the committee are maintained by Educational Technology Services. Meets bimonthly, September to May.

Tufts Shared Services (TSS)

Tufts Shared Services was originally an unincorporated alliance of Tufts University and the hospitals that eventually became Tufts Medical Center (TMC). In 1968, it was incorporated as a non-profit organization. Its purpose is to provide common services on the health sciences campus in support of both the University and the Medical Center. Current services include utilities, parking on the Boston Campus and printing on the Boston, Medford and Grafton Campuses. Governance consists of the Corporation Members appointed, in equal numbers, by the Presidents of the University and the Medical Center. The Corporation Members elect the members of the Administrative Board and the Executive Committee. This board meets quarterly per fiscal year.

University Library Council (ULC)

The ULC is the decision-making body for strategic and operational issues that affect all Tufts libraries, and has rotating chairs every year. Issues include scholarly communications (including open access); effective ways to interface with other University units, particularly to support research and education; collection management among Tufts libraries; librarian promotions and personnel policies that affect librarians and support staff in the libraries; creation of and appointment to university-wide library committees and committees of the Boston Library Consortium; and membership in cooperative groups, such as the Boston Library Consortium, Hathi Trust, Digital Preservation Network, and OCLC Research Libraries Partnership. Membership consists of the Directors of all of Tufts' libraries, Digital Collections and Archives, and University Library Technology Services. Ex-officio members include a Provost-appointed Associate or Vice Provost, who sponsors the ULC, and a representative from Tufts Technology Services' Educational and Scholarly Technology Services. Meets monthly year-round.

University-wide Committee on Teaching and Faculty Development (UCTFD)

Chaired by a Provost-appointed Associate Provost and a rotating co-chair from one of the schools, the role of UCTFD is to facilitate collaboration and engagement among all university schools for faculty development programs, services and issues. UCTFD assists the Provost in affirming excellent teaching and learning as a priority at Tufts, and in that context promoting and coordinating the educational and faculty development activities of Tufts' schools, including an annual teaching and learning conference. UCTFD serves as the steering or advisory committee for the Center for the Enhancement of Learning and Teaching (CELT), the Tufts Innovates seed grant program, and Teaching and Learning Engagements at Tufts (TALEs). Membership includes academic deans and faculty, as appointed by the school deans or directors, a library representative appointed by the University Library Council (ULC), the director of CELT, and representatives from other institutional offices that support faculty in their academic work, including the Office of the Provost, and Tufts Technology Services' Educational Technology Services. Meets monthly, September to June.

Student Government

Although the Trustees possess the ultimate legal authority and responsibility for the university, all members of the Tufts community, including students, have a voice in a majority of the decisions which affect them.

Undergraduate Students in the School of Arts & Sciences and the School of Engineering

Students have a voice and vote in those areas which affect their academic, social and residential lives.

Tufts Community Union

http://tcu.tufts.edu/The Constitution of the Tufts Community Union (TCU) was ratified by the student body in 1981. Branches include the TCU Senate, the TCU Judiciary (TCUJ) and the Elections Commission (ECOM).

The Tufts Community Union Senate

Through student government, in the form of the Tufts Community Union Senate, students are provided with a forum for the discussion of all student concerns and the means of responsive action. The TCU Senate is the representative government of the entire undergraduate student body. All undergraduate students paying the student activities fee are members of the TCU, and are entitled and encouraged to take part in student government by running for elected positions of the various branches, applying for appointment to Faculty or Trustee committees, and voting in campus elections and attending meetings.

In its attempt to meet the needs and wants of its constituency, the Senate strongly encourages feedback on all issues and projects and is always open to new ideas and opinions.

A total of two students designated by the Tufts Community Senate may attend and participate in Faculty meetings without vote, except during consideration of confidential matters.

Faculty and Trustee Committees

In the past, faculty committees have provided Tufts' students with a strong voice in those areas which affect them. Each fall, students are appointed to various faculty committees; these students serve in an ex-officio capacity. The one exception to this procedure involves the Faculty's Committee on Student Life (CSL); five students are elected by the entire TCU and have voting rights on CSL. In addition, every year in the fall one seat is available for students on each of three Trustee committees.

Graduate and Professional Schools

Graduate School of Arts and Sciences and School of Engineering

The Graduate Student Council (GSC) was formed to serve the graduate students of Tufts University in the Graduate School of Arts and Sciences and the School of Engineering (AS&E). All graduate students in Arts, Sciences and Engineering, are, upon entrance into Tufts, automatic constituents of the GSC. The GSC works to provide social, cultural, and educational programs; opportunities and activities directed at improving graduate student life; and facilitating the active participation and contribution of Tufts graduate students to both the Tufts and local communities. Perhaps most importantly, the GSC serves as the main voice of advocacy for all AS&E graduate students on the Medford/Somerville campus in dealing with the administration and faculty on issues, both academic and non-academic, ranging from stipends and healthcare to housing and library collections. The GSC's resources, events, and social media can be found at go.tufts.edu/gsc.

The Fletcher School of Law and Diplomacy

Every fall the students at The Fletcher School elect representatives from among their peers to serve for one year on the Student Council and standing and ad hoc committees. First- and second-year students elect representatives from their classes. Doctoral candidates elect one PhD student to serve on the Student Council. With respect to committees, students continuing beyond the second year of study are represented by second-year students. Student Council representatives and committee representatives are responsible for communicating student concerns to the faculty, administration, and committee members, and for reporting back to their constituency.

Friedman School of Nutrition Science and Policy

Each year, students elect a total of 14 representatives to the Student Council. The Council is primarily responsible for acting as the liaison between students and the Friedman School administration. It also organizes school-wide academic and social events that are deemed appropriate by the Council and the Office of Student Affairs. Two students serve on the Curriculum and Degrees Committee as voting members. Students serve as non-voting members of the Admissions Committee as well. Students also serve on faculty and staff search committees.

Student Government, Continued

Graduate and Professional Schools, Continued

School of Dental Medicine

Each class elects four officers to govern and to relay the academic and administrative affairs of that class. In addition, student-elected representatives, with vote, sit on the following standing committees of the school: the Curriculum; Patient Care Quality Assurance; Risk, Safety and Infection Control; Student Promotions; Ethics, Professionalism and Citizenship; Research; Student Library Advisory; and Outcomes Assessment Committees. This representation provides the student body with direct input into the academic and clinical affairs of the School of Dental Medicine.

School of Medicine

Elected by their respective classmates, the membership of the Medical Student Council consists of one class president and three representatives from each of the four classes. The Student Council communicates the needs and opinions of the student body to the administration, oversees funding to student clubs and organizations and organizes school-wide social events and community service projects. The president of Student Council is a voting member of the Dean's Executive Council. The student body elects four voting members per class to the Curriculum Committee and one voting member per class to the Alumni Council. Student representatives are appointed to the Admissions Committee and the Student Ethics and Promotions Committee and are voting members of these committees. Students are often invited to serve on other committees on an as needed basis.

School of Medicine-Public Health and Professional Degree Programs

The Public Health Student Senate (PHSS) represents students in the MPH (including MS-Nutrition/MPH, Bachelor's/MPH, JD/MPH, MD/MPH, DVM/MPH, PA/MPH), MS-Health Communication (Bachelor's/MS-HCOM), MS-Pain Research, Education and Policy, MD/MBA, MS-Biomedical Sciences, Physician Assistant Programs, and DrPH Programs. It serves as a vehicle for students to organize themselves to improve student life and as the formal body that represents students in relationship with the PHPD Programs faculty and administration. The Senate membership consists of a representative from each program and MPH track. They meet monthly and as needed a program director or an administrative representative is invited to attend. Senate members participate in the governance of the programs by sitting on faculty committees e.g. Admissions, Promotion, Academic Affairs, and PHPD Directors. Annual student feedback forums are held by the Senate and students are also welcome to propose agenda items to the Senate President for discussion at the monthly meetings.

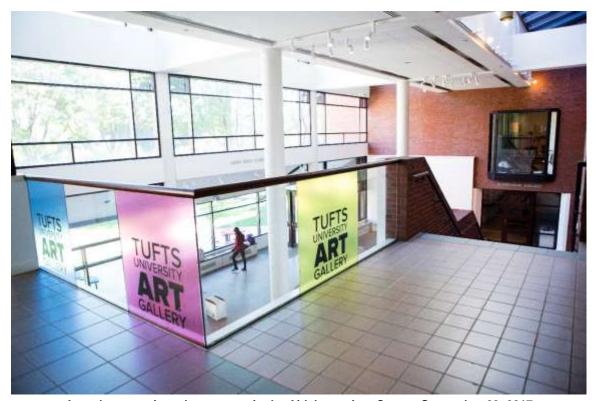

Sackler School of Graduate Biomedical Sciences

The Sackler School Graduate Student Council is made up of representatives from each of the school's graduate programs as well as MD/PhD student representatives. The Graduate Student Council communicates the needs and opinions of the student body to the administration, oversees funding to student clubs and organizes school-wide social events, community service projects and an annual school-wide event that raises funds for students to attend professional meetings to present their research. The president and vice-president of the Council are non-voting members of the Executive Council. This Council provides student representation on the Health Science Library Student Advisory Committee and various ad hoc committees established for special projects. Members are elected annually by and from the student body.

Cummings School of Veterinary Medicine

Student governance at the Cummings Veterinary School is conducted by the Class Councils of our four classes. As needed, council members from different classes meet to address issues affecting the student body as a whole. In addition to these officers, four to eight students per class are elected to serve as Veterinary Educational Review Committee Representatives. Our Student Chapter of the American Veterinary Medical Association (SCAVMA) provides oversight to most of our student organizations. Members of these groups meet regularly with members of Cummings' administration. In addition, student representatives serve on Cummings standing committees.

Degree Programs and Colleges

Tufts University consists of the following schools: Arts and Sciences (which includes the College of Liberal Arts, the Graduate School of Arts and Sciences, the School of the Museum of Fine Arts, and the College of Special Studies); the School of Engineering; the School of Medicine; the School of Dental Medicine; The Fletcher School of Law and Diplomacy; the Tisch College of Citizenship and Public Service; the Cummings School of Veterinary Medicine; the Sackler School of Graduate Biomedical Studies; and the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy.

Degree Programs

School of Arts and Sciences

http://as.tufts.edu/

The School of Arts and Sciences awards three undergraduate degrees: the Bachelor of Arts, the Bachelor of Science, and the Bachelor of Fine Arts. Students who major in the liberal arts and sciences may select from among 50 majors in 40 departments and programs. They may also select a second major from the liberal arts or engineering, or pursue an Interdisciplinary Studies major, which allows students to design their own majors. Minor certificates and special programs are also available. Students admitted to the School of the Museum of Fine Arts at Tufts (SMFA) earn a Bachelor of Fine Arts in Studio Art and take studio and liberal arts courses on both the SMFA campus in Boston and on the Medford Campus. Prospective students may also apply for admission to a five-year combined degree program and earn both a Bachelor of Arts or Science degree and a Bachelor of Fine Arts Degree.

Five-year Program with the New England Conservatory of Music

A unique opportunity for students interested in obtaining a Bachelor of Arts or Science from Tufts and a Bachelor of Music from the New England Conservatory in a five-year period.

Graduate School of Arts and Sciences http://asegrad.tufts.edu/

The Graduate School of Arts and Sciences offers the degrees of Master of Arts, Master of Science, Master of Arts in Teaching, Master of Fine Arts, Master of Public Policy, Certificate of Advanced Graduate Study, Educational Specialist, Doctor of Occupational Therapy, and Doctor of Philosophy. The school also maintains formal dual degree programs with the following schools at Tufts: The Fletcher School of Law and Diplomacy, the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy, the School of Engineering, and the School of Medicine, as well as dual degree programs with Boston College Law School and Boston College Carrol School of Management.

School of Engineering

http://engineering.tufts.edu/

The School of Engineering offers undergraduate and graduate degrees. The majority of undergraduate degrees in the School of Engineering are accredited by ABET. The Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Environmental Engineering, and Mechanical Engineering bachelor's degree programs are accredited by the Engineering Accreditation Commission of ABET. The Computer Science program is accredited by the Computing Accreditation Commission of ABET. (For more information, please see http://www.abet.org/.) BS degree programs are also offered in Engineering Psychology, Engineering Science, Engineering Physics, and Engineering. Graduate degree programs include Master of Science and Doctor of Philosophy degrees as well as Master of Science in Engineering Management and Master of Science in Innovation and Management through the Tufts Gordon Institute. The school also maintains formal dual degree programs with the School of Arts and Sciences and The Fletcher School of Law and Diplomacy.

Tufts Gordon Institute http://gordon.tufts.edu/

Tufts Gordon Institute offers programs that focus on engineering leadership, innovation and entrepreneuship to help graduate and undergraduate students develop the knowledge and skills they need to build and lead teams, organizations, and enterprises. The M.S. in Engineering Management is geared towards working professionals who wish to gain the tools and managerial knowledge necessary to become technology leaders who inspire and cultivate innovation in the workplace. The one-year, full-time M.S. in Innovation and Management program is designed for recent STEM graduates who have a strong desire to drive innovation. The program propels early career acceleration through the development of critical business, new product development, design thinking and leadership. The minor in Engineering Management is a business-focused course of study designed to help undergraduate students develop and hone their leadership skills before entering the workplace. The Institute's Entrepreneurial Leadership Studies Program, which includes the Entreprenurial Leadership Minor, offers coursework and co-curricular programming that aims to deepen students' core business knowledge and provide a wealth of hands-on experience to put the knowledge in practice.

The Fletcher School of Law and Diplomacy http://fletcher.tufts.edu/

A graduate school of international affairs founded by Tufts with the cooperation of Harvard University, offering multidisciplinary instruction leading to degrees of Master of Arts, Master of Arts in Law and Diplomacy, Master of International Business, Master of Laws in International Law, and Doctor of Philosophy. The Fletcher School maintains formal dual degree programs with the Department of Urban and Environmental Policy, the Cummings School of Veterinary Medicine, the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy, the School of Engineering, the faculty of the College of Liberal Arts and Jackson College, and the School of Medicine. Beyond Tufts, The Fletcher School has formal dual degree programs with Harvard Law School, the University of California at Berkeley Law School, the Amos Tuck School of Business Administration at Dartmouth College, the HEC School of Management in France, the Diplomatic Academy of Vienna, the Instituto de Empresa in Madrid, the China Europe International Business School in Shanghai, and the University of St. Gallen. The Fletcher School and the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy offer a joint Master of Arts in Humanitarian Assistance and Fletcher has a joint Masters in Transatlantic Relations with the College of Europe in Belgium. The School also has a joint PhD in Economic Policy with the Department of Economics in Tufts School of Arts and Sciences

Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy http://nutrition.tufts.edu/

Founded in 1981, the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy brings together biomedical, social, political, and behavioral scientists to conduct research, educational and community service programs in nutrition. The school's mission is to improve the nutritional well-being of people throughout the world through the creation, application, and dissemination of new knowledge, and through the education of those who will create and apply knowledge toward that end in the future. The school offers programs leading to the Master of Science and Doctor of Philosophy in nutrition, an online blended learning Master of Nutrition Science and Policy certificate programs and, in cooperation with the Frances Stern Nutrition Center of the New England Medical Center, a coordinated Master of Science/Dietetic Internship program. The school has dual degree programs with the Fletcher School, School of Medicine, and Graduate School of Arts and Sciences, the Carroll School of Management at Boston College, and a joint degree program with the Fletcher School. It is closely associated with the Jean Mayer USDA Human Nutrition Research Center on Aging at Tufts.

Sackler School of Graduate Biomedical Sciences http://sackler.tufts.edu/

The Sackler School was established in 1980 in cooperation with the faculties of the Graduate School of Arts and Sciences and the Schools of Medicine, Dental Medicine, and the Cummings School of Veterinary Medicine to broaden the University's commitment to multi-disciplinary health science investigations. Its mission is to graduate highly educated scientists in the biomedical sciences. The school offers Doctor of Philosophy degrees in five basic science areas—Cell, Molecular, and Developmental Biology; Genetics; Immunology; Molecular Microbiology; and Neuroscience—as well as Master's and PhD degrees in Clinical and Translational Science and a Master's degree in Pharmacology and Drug Development.

Professional Schools

School of Dental Medicine http://dental.tufts.edu/

The School of Dental Medicine conducts a four-year dental program culminating in the degree Doctor of Dental Medicine. Advanced Education programs leading to a Certificate of Achievement are offered in most dental specialty areas, as well as programs leading to Master of Science degrees with a major in Dental Science. The Dental International Student (DIS) Program provides foreign-trained dentists with the education and experience required to practice dentistry in America. The School also offers two five-year combined programs: the DMD/MPH, which is offered in collaboration with the Tufts University School of Medicine, and the DMD/Master of Science in Dental Research.

School of Medicine

http://medicine.tufts.edu/

The School of Medicine offers a four-year curriculum leading to the degree of Doctor of Medicine as well as several combined degree programs: MD/MPH, MD/PhD, a MD/MBA in Health Management in collaboration with Brandeis University, and a MD/MA with The Fletcher School of Law and Diplomacy. The School of Medicine also offers seven master programs. The Master of Public Health degree has several tracks that include: a Bachelor's/MPH offered with the School of Arts and Sciences, a JD/MPH offered in collaboration with Northeastern University School of Law and Boston College Law School, a MS in Nutrition/MPH offered with the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy, a DVM/MPH offered with the Cummings School of Veterinary Medicine, a DMD/MPH offered with the school of Dental Medicine, a MA in Urban & Environmental Planning (UEP)/MPH with the Tufts Department of UEP, and a MS in Biomedical Sciences (MBS)/MPH. The other six programs are a Master of Science in Health Communication, a Master of Science in Pain Research, Education and Policy, a Master of Science in Biomedical Sciences, a Master of Science in Medical Sciences (Physician Assistant Program), and a Doctor of Public Health. The school also has a MBS/MBA track in collaboration with Brandeis University and a Bachelor's/Master of Science in Health Communication track offered with the School of Arts and Sciences.

Cummings School of Veterinary Medicine http://vet.tufts.edu/

The Cummings School of Veterinary Medicine offers a four-year curriculum leading to the degree Doctor of Veterinary Medicine (DVM). The School also offers three MS degree programs in Animals and Public Policy, Conservation Medicine, and Infectious Disease and Global Health as well as a PhD program in Biomedical Sciences. Four-year combined degree programs include the DVM/MS in Laboratory Animal Medicine and the DVM/MPH which is conducted in collaboration with the Tufts University School of Medicine. The five-year DVM/MA combined program is with Tufts University Fletcher School of Law and Diplomacy. DVM/PhD programs are offered with Tufts University Sackler School of Graduate Biomedical Sciences and with the University of Massachusetts Medical School. As New England's only veterinary school, Tufts offers both veterinary resources and educational opportunities to the people of the region.

Other Colleges

Experimental College http://excollege.tufts.edu/

Since its founding in 1964, The Experimental College (ExCollege) has grown into a center for academic innovation where collaboration between students and faculty shape new courses and programs. With over fifty credit-bearing electives open to undergraduates, the ExCollege enrolls more than 1500 students annually. Courses represent a range of subjects intended to enrich the traditional Tufts curriculum. Professionals and graduate students from greater Boston with special expertise in a particular area or academic discipline teach the majority of courses. Classes are small, students take an active role in learning, and faculty are encouraged to be innovative and offer an interdisciplinary approach. The ExCollege also administers a combined academic/advising program for entering students. Explorations and Perspectives, which enrolls a quarter of the incoming class in seminars taught by teams of upper-level students. In 2016, the ExCollege was awarded a *Tufts Innovates* grant to establish the Robyn Gittleman Graduate Teaching Fellows program, which guides advanced graduate students at Tufts in designing and teaching a course. The ExCollege continues to provide opportunities for students to develop their creativity in media production, including filmmaking, multimedia, and photography. In addition to its ongoing partnership with Film and Media Studies (FMS), the ExCollege teams with programs across the Arts & Sciences in support of their curricular and programmatic initiatives. These include collaborations with the Graduate School, the Institute for Global Leadership, Tisch College of Civic Life, and the Writing Fellows Program. The ExCollege also organizes a range of programs, forums, speakers, and workshops which engage students and faculty with current topics. The Voices From the Edge lecture series, endowed by the Janover Family, is now in its fourth year and is a highlight of spring semester programming. Last year's capacity crowd heard former U.S. EPA Administrator Gina McCarthy speak on the future of environmental protection.

Jonathan M. Tisch College of Civic Life http://tischcollege.tufts.edu/

All Tufts students are part of the Jonathan M. Tisch College of Civic Life. Driving the university's commitment to producing active, ethical and effective citizens, this unique college is a catalyst across Tufts schools—preparing students to have a positive, lasting impact on the world around them and engaging faculty in powerful public impact research; and studying civic education, political engagement, and other facets of civil life.

The multi-year Tisch Scholars program builds core leadership and community engagement skills among participating undergraduates. Through the Tisch Fund for Civic Engagement, Tisch College supports students from all schools in developing and expanding self-designed civic initiatives. Tisch College also offers or cosponsors academic courses in a wide range of disciplines that tackle issues or incorporate teaching and research methods related to civic life, and it partners with several graduate and professional schools to support Community Service Learning requirements. Over the summer, Tisch Summer Fellows work locally in Washington, D.C., Greater Boston, New York and overseas. Tisch College's Tufts 1+4 Bridge-Year Service Learning Program provides accepted students the opportunity to learn from a transformational year of full-time service, domestically or abroad, before beginning their academic studies at Tufts. Additionally, thousands of students engage through programs integrated into the curriculum and with residential life, Greek life, common book programs and athletics.

Tisch College also collaborates with faculty to advance civically engaged research and teaching. Tisch College is developing a cadre of interdisciplinary faculty to advance the field of civic studies, and it supports major faculty-led initiatives in fields ranging from social emotional learning, to civic science, to public humanities. Annually, close to a dozen faculty members from across Tufts schools undertake research or curriculum development projects and participate in interdisciplinary dialogue as Tisch College Faculty Fellows. The Tisch College Community Research Center (TCRC) provides seed funding and support to Tufts faculty undertaking research in collaboration with community partners.

Tisch College's Center for Information and Research on Civic Learning & Engagement (CIRCLE) is the leading source of authoritative research on civic and political engagement of young Americans. The Institute for Democracy & Higher Education (IDHE), also housed at Tisch College, studies and promotes political learning and engagement on college campuses and leads the National Study of Learning, Voting, and Engagement (NSLVE), the nation's only study of college student voting rates.

Continuing Educational Programs

Summer at Tufts

http://ase.tufts.edu/summer

Summer at Tufts provides a comprehensive educational experience for Tufts and visiting students of all ages in the summer. With over 175+ courses – offered on-campus and online – students can find courses that help with degree program completion, lighten a fall or spring course load, try out a new subject area, or experience a new culture with short-term courses abroad.

Our programs include:

- Tufts Summer Session college courses for Tufts & visiting college students.
- Tufts College Experience residential pre-college program designed to mirror the Undergraduate experience. The program allows highly motivated students to select their own course schedule, mix college-level study with fun activities, and provides an opportunity to build college and life skills.
- Summer Session for High School Students a commuter pre-college program for motivated high school students to enroll in up to two Tufts Undergraduate courses or college-level courses designed specifically for high school students. Students can also choose to enroll in Studio Art Workshops or in our capstone College Prep Workshops.
- Tufts Pre-College Intensives two-week, residential program in a favorite subject at Tufts University. These programs combine the rigor and intensity of Tufts-level course work with the fun of summer learning.
- Summer Study Abroad short-term courses and trips in a foreign country led by Tufts faculty members. Although any qualifying student can enroll, these programs open the world of study abroad to students for whom full-year or semester-long programs are not the right fit.

Professional Schools

School of Dental Medicine Professional Continuing Education http://dental.tufts.edu/ce

Tufts University School of Dental Medicine, Division of Continuing Education is dedicated to providing patient-centered and clinical-based education for the lifelong learning needs of dental professionals. We strive to develop educational programs that address different patient populations, dental specialties, advancing technologies, and varied practice settings. We create and coordinate programs that incorporate all types of educational methodologies, quality training, and the highest standards of oral health care by utilizing a comprehensive and multidisciplinary approach.

Continuing Education Goals:

- To promote and encourage continual and lifelong education of the dental professional beyond graduation and/or certification by presenting outstanding programs by recognized clinicians and educators who have demonstrated expertise in their respective fields of endeavor
- To disseminate new information on advancing technology and procedures, for practical application by the dental professional
- To encourage and assist the dental professional to achieve higher levels of skills, knowledge, and competence
- To provide continuing education programs that enable participants to continually provide an improved level of care to their patients and their community

Our programs feature world-renowned instructors, innovative hands-on sessions, advanced level programs, and courses for the entire dental team. The Division of Continuing Education is an ADA CERP (Continuing Education Recognition Program) recognized provider.

School of Medicine Professional Continuing Education (OCE) http://medicine.tufts.edu/Education/Continuing-Education

The mission of the TUSM Office of Continuing Education (OCE) is to enhance clinician knowledge and competence; improve clinician performance; and promote lifelong learning for Tufts-affiliated physicians, nurses, pharmacists, and for other health practitioners locally, regionally, nationally and internationally. The ultimate goal of this endeavor is to improve patient care and health outcomes.

TUSM is accredited with Commendation by the Accreditation Council for Continuing Medical Education (ACCME); accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation (ANCC COA); and accredited by the Accreditation Council for Pharmacy Education (ACPE).

Through a variety of instructional formats and media, including live and internet-based activities, Tufts' CE activities focus on a range of clinical and scientific topics as well as other essential competencies such as evidence-based practice, professionalism, communications, quality improvement, cultural sensitivity and care management. Annually, the OCE offers approximately 100 or more live and enduring activities, as well as approximately 150 Regularly Scheduled Series (RSS) for Tufts-affiliated hospitals.

These CE activities support the professional development of physicians, nurses, pharmacists and other health care professionals and provide continuing professional education as a strategic asset for performance improvement. The TUSM OCE frequently partners with outside organizations to provide continuing education activities for both Tufts and non-Tufts practitioners at the local, regional, national and international level.

Cummings School of Veterinary Medicine Professional Continuing Education http://ce.vet.tufts.edu/

The Cummings School of Veterinary Medicine is a fully accredited American Veterinary Medical Association (AVMA) approved provider of continuing education for veterinary licensure. The Office of Continuing Education offers veterinary medical education to improve animal and human health by presenting programs that highlight the role of veterinarians in public health, clinical services, and research. Over 1,500 people participate in these programs each year. This commitment to "lifelong learning" extends beyond the veterinary community and includes all interested in animal care and wellbeing. Veterinary Continuing Education is presented by the faculty and staff of our teaching hospitals to provide the most current information on recent developments in veterinary medicine and to improve the quality of life for our veterinary patients. Our programs are available to veterinary professionals who are seeking new opportunities for advancing veterinary care, professional development and fulfilling their continuing education requirements.

Programs provided for veterinarians and veterinary technicians to improve their clinical skills include hands on laboratories and lectures that cover a wide range of topics, from current research and developments in predominately clinical topics to public health issues. The expertise of the faculty is highlighted through lectures, multi-day symposia, webinars, and cooperative programs with affiliated associations.

Other Educational Programs

European Center

Gabriella Goldstein, Director (617) 627-3290

http://ase.tufts.edu/europeancenter/

The Tufts University European Center is an international educational and meeting facility located in the village of Talloires, France. Set on the banks of Lake Annecy, in the foothills of the French Alps, the Tufts European Center is an 11th century former Benedictine Priory which was donated to Tufts in 1978 by Donald (A16) and Charlotte MacJannet.

The Tufts in Talloires Program, one of several programs offered at the European Center, is a six-week summer semester for undergraduate students. Students select two credit bearing courses from an array of undergraduate offerings taught in English by Tufts own faculty. Organized hikes and trips help students discover this magnificent area.

The Tufts in Annecy Program is a four-week French immersion program for university students and adults who want to concentrate on improving their French language skills. Intensive language study, strong faculty support and the French language environment facilitate language acquisition.

The European Center also invites rising high school juniors and seniors to apply to Tufts Summit, a four-week summer program. Tufts Summit students take a college-level course in international relations and an intensive French language course.

Students in all of these academic programs live with local host families to have a firsthand experience of French culture and improve their French language skills.

Because of its proximity to Geneva, the European Center also serves as an important meeting center. Since its founding in 1978, the Center has welcomed a great number of seminars and meetings on a wide range of topics, many sponsored by Tufts own faculty.

Institute for Global Leadership

Abi Williams, Director Heather Barry, Associate Director (617) 627-3314

http://www.tuftsgloballeadership.org

The Institute for Global Leadership (IGL) is a university cross-school program tasked with enhancing the interdisciplinary quality and engaged nature of a Tufts education. The IGL, with more than 20 programs, is an incubator of innovative ways to educate learners at all levels in understanding difficult and compelling global issues. Its goal is to develop new generations of critical thinkers for effective and ethical leadership, who are able to comprehend and deal with complexity, to bridge cultural and political differences, and to engage as responsible global citizens in anticipating and confronting the world's most pressing problems. Due to its unique approaches and ability to create unusual partnerships and juxtapositions, the IGL is at the forefront of efforts that encourage "thinking beyond boundaries and acting across borders." The Institute emphasizes rigorous academic preparation and experiential learning. Students learn through intensive engagement in classes, global research, internships, workshops, simulations and international symposia-all involving national and international students and leaders from the public and private sectors. These activities stress critical and normative thinking, problem solving, and an interdisciplinary approach to learning.

Student Resources

Academic Resource Center http://go.tufts.edu/arc

The Academic Resources Center offers one-on-one consultations in writing, time management and study strategies, and oral communication, as well as tutoring for introductory-level courses in STEM fields, economics, and foreign languages. The ARC also offers group sessions, including study groups in the sciences, various writing groups, courses for multilingual students, and workshops. Our programs promote engaged, collaborative learning that build on students' strengths while addressing their concerns and questions.

Peer subject-area tutoring is available for undergraduates in many introductory courses. All other programs are available to both undergraduate and graduate students. Writing support is available for any number of writing projects, including term papers, senior honors theses, personal statements for fellowships, and dissertations. The TMSS program helps students develop more effective strategies for motivation, planning and organization, life balance, and other academic skills. The English for Academic Purposes program enhances students' academic experience by helping them improve their English language competency. All programming is offered free of charge, and appointments take place in various locations on campus, including the library and the campus center. Students can make appointments through the ARC Tutor Finder, located on the Student Information System (SIS), or attend drop-in hours.

Two of the ARC's flagship programs are the **Writing Fellows Program** and the **Study Group Program**. Both programs provide focused support for specific courses through faculty collaboration, advanced training for undergraduate tutors, and targeted strategies to enhance students' critical thinking skills.

Student Accessibility Services http://uss.tufts.edu/arc/disability/

Tufts University welcomes students with disabilities and assures them that the university will provide access to all programs for which they are qualified. In accordance with all Federal, State and University regulations, we are committed to providing support and equal access for all students so that they may access curricula to achieve their academic potential. Tufts provides reasonable accommodations to students with disabilities such as hearing, speech, mobility, or vision, and students with learning disabilities and attention deficit disorder. Assistance is also provided to students dealing with serious illness (both medical and psychiatric). In order to request accommodations, students are required to provide Student Accessibility Services with current documentation from a qualified professional in the field related to the particular disability. Reasonable accommodations are afforded to any student who is registered with the

Student Accessibility Services (continued)

Student Accessibility Services Office, who has been deemed eligible in accordance with Tufts polices, and in accordance with State and Federal regulations.

Accommodations must be requested by the student, and be pertinent to the student's documented disability, and must not substantially alter the educational program, intent, process, nor be an administrative burden to execute for the parties involved.

Career Center http://careers.tufts.edu/

The Tufts Career Center guides undergraduate and graduate students in Arts, Sciences, Engineering and the SMFA at Tufts with all facets of career readiness. Resources include career exploration, internship and job strategies, on-campus interviews, online job/internship listing (Handshake), resume and cover letter preparation, interviewing tips, alumni presentations, networking events, instructional workshops, and graduate school advice.

The Career Center website, careers.tufts.edu, continually updates information on career events on and off campus. The site links to career exploration and job search resources, including Focus 2: a self-paced, online, interactive career guidance system designed to help you assess your interests, skills, personality, and values, and explore careers, majors, and more! The Tufts Career Networking Group on LinkedIn helps you connect with thousands of alumni eager to share their career advice with you.

The Career Centerhosts several career fairs and recruiting events and provides students with the opportunity to apply for full-time jobs and internships with organizations from a wide range of industries including nonprofit, education, business, engineering and government. Students may also participate in consortia recruiting events incities across the United States.

Religious, Cultural, and Special Interest Programs

University Chaplaincy Goddard Chapel, 3 The Green, Medford, MA 02155 (617) 627-3427 http://chaplaincy.tufts.edu/

The University Chaplaincy is a dynamic hub supporting religious, spiritual, ethical and cultural life for all members of the Tufts community. We provide pastoral care, support religious and philosophical communities, educate about spiritual and ethical issues in society and the world, and promote multifaith engagement.

The University Chaplaincy includes the University Chaplain who is responsible for leading university spiritual life overall, along with a team of Africana, Buddhist, Catholic, Humanist, Jewish, Muslim, and Protestant chaplains and staff who serve the whole Tufts family as well as their particular communities. Spiritual life at Tufts also includes many campus communities across the religious and philosophical spectrum that offer many weekly and special programs.

The University Chaplaincy encompasses four sacred spaces on the Medford/Somerville campus: Goddard Chapel (3 The Green), the Granoff Family Hillel Center (220 Packard Avenue), the Interfaith Center (58 Winthrop Street), and the Muslim Prayer Room (Curtis Hall). Many gatherings are held in each of these spaces every week. There is also a Multifaith Prayer and Meditation Room in the Fletcher School and a Meditation Room at the Tufts Medical Center (Floating 6). Please visit our website at http://chaplaincy.tufts.edu for more information about specific programs, services, communities, and ways to get involved. All are always welcome.

The University Chaplain is The Reverend Greg McGonigle. His office is in Goddard Chapel and he can be reached at (617) 627-3427 or greg.mcgonigle@tufts.edu.

Africana Chaplaincy (Goddard Chapel, 3 The Green)

The Africana Chaplaincy offers resources to support the spiritual life of students from the African diaspora, focused on a weekly Black theology Bible study. The Reverand Lambert Rahming is the Africana Community Associate and can be reached at (617) 627-3427 or lambert.rahming@tufts.edu.

Buddhist Chaplaincy (Interfaith Center, 58 Winthrop Street)

The Buddhist Chaplaincy offers activities such as meditation and dharma study planned by students working with the Buddhist in Residence. This community is for those who identify as Buddhist as well as those interested in mindfulness meditation. It is open to all. Priya Sraman, MDiv, is the Buddhist in Residence and can be reached at (617) 627-0544 or at priya.sraman@tufts.edu.

Catholic Chaplaincy (Interfaith Center, 58 Winthrop Street)

The Catholic Chaplaincy celebrates Mass during term on Sundays at 5 p.m. in Goddard Chapel. Many other activities are planned by the student leadership team working with the Catholic Chaplain. Lynn Cooper, MDiv, is the Catholic Chaplain and can be reached at (617) 627-2044 or at lynn.cooper@tufts.edu.

Humanist Chaplaincy (Interfaith Center, 58 Winthrop Street)

The Humanist Chaplaincy offers many activities planned by students working with the Humanist in Residence. This community is for those who identify as Atheist, Agnostic, Nonreligious, or Spiritual but Not Religious and it is open to all. Walker Bristol is the Humanist in Residence and can be reached at (617) 627-0544 or at walker.bristol@tufts.edu.

Jewish Chaplaincy/Tufts Hillel Foundation (Granoff Family Hillel Center, 220 Packard Avenue)

The Jewish Chaplaincy/Tufts Hillel Foundation offers a wide range of religious, cultural, educational, and social activities. Hillel holds weekly Shabbat services and dinners and Jewish students may celebrate all Jewish holidays at Hillel. Rabbi Jeffrey A. Summit, Ph.D. is the Jewish Chaplain and can be reached at (617) 627-3242, jeffrey.summit@tufts.edu, or http://www.tuftshillel.org.

Muslim Chaplaincy (Interfaith Center, 58 Winthrop Street)

The Muslim Chaplaincy gathers for weekly prayer during term on Fridays at 1:00 p.m. in the Interfaith Center. Many other activities are planned by the student leadership team working with the Muslim Chaplain. Celene Ibrahim, MDiv, is the Muslim Chaplain and can be reached at (617) 627-2065 or at celene.ibrahim@tufts.edu.

Protestant Chaplaincy (Interfaith Center, 58 Winthrop Street)

The Protestant Chaplaincy gathers for worship during term on Sundays at 7:00 p.m. in Goddard Chapel. Many other activities are planned by the student leadership team working with the Protestant Chaplain. The Reverend Daniel Bell is the Protestant Chaplain and can be reached at (617) 627-2097 or at daniel.bell@tufts.edu.

Tufts University Art Galleries http://artgallery.tufts.edu/
https://smfa.tufts.edu/events-exhibits

The Tufts University Art Galleries are dedicated to the presentation of art and the pressing issues within contemporary arts discourse. They are pedagogical spaces where exhibitions, lectures, performances, and artist residencies converge to animate the intellectual life of the greater university community and beyond. The University Art Galleries department oversees the exhibition spaces in the Shirley and Alex Aidekman Arts Center in Medford, the galleries and public programs at the SMFA at Tufts in Boston, and the Tufts University's Permanent and Public Art Collection, presented throughout the campuses.

In the Shirley and Alex Aidekman Arts Center, the Galleries offer an array of exhibitions through its four venues and nearly 7,000 square feet of gallery space annually. Each year, four main exhibitions are curated for and presented in the Tisch Family and the Koppelman Galleries that reflect the Gallery's mission of exploring "new, global perspectives on art and art discourse." The Remis Sculpture Court is a Gallery run exhibition space and multi-purpose event space. The Slater Concourse Gallery presents curriculum-driven projects with faculty and students from across the university.

At the SMFA at Tufts Boston campus, the Galleries program three exhibition and event locations with installations, public lectures and performances that are woven into the operations of the art school. The Barbara and Steven Grossman Gallery features two exhibitions per year that highlight contemporary art practices in the studio and society. The department presents public lectures and screenings by a robust Visiting Artist program of internationally regarded artists, writers, and curators in the multi-use space of the Mrs. E. Ross Anderson Auditorium, and works closely with students and faculty to install student work in the Weems Atrium in a series of monthly rotating exhibitions. Each fall, the SMFA exhibition spaces are dedicated to the annual SMFA Art Sale that highlights the work of faculty, students and alumni of the school. In May, all seven of the main exhibitions spaces across the Boston and Medford campuses are dedicated to showcasing the thesis work of the SMFA at Tufts BFA and MFA programs.

In addition to rotating exhibitions and programs, the Galleries steward the University Permanent Art Collection of 2,000 objects and operates an intra-university art lending program. The collection is available for viewing in most of the school's major public spaces includes the Tisch Library, Granoff Music Center, and as public sculpture across campus. The Gallery's *Museum Without Walls* program (https://tuftsart.toursphere.com) is a mobile website offering self-directed tours of art across the Tufts' main campus in Medford.

The Galleries are open to the public during the academic year. The Galleries are closed on all university holidays, Thanksgiving and spring break weeks, and during the summer months; the offices are open year-round. All exhibitions and events are free and open to the public. Tours for groups of 10 or more can be scheduled by appointment by contacting the Education Outreach Coordinator.

The Balch Arena Theater

http://ase.tufts.edu/drama-dance/performances

Every year, the Balch Arena Theater presents three major productions in which students are encouraged to participate. Opportunities are provided for involvement in acting, directing, stage management, and arts administration. In addition, up to ten student-directed projects are mounted yearly. The summer season offers students a chance to work in Magic Circle Theater for children ages eleven to fifteen, and Creative Arts for children ages seven to ten.

The Balch Arena Theater is the home of many of the university's drama groups, including Pen, Paint, and Pretzels, a student theater organization, which presents two to four productions each year in the Balch Arena Theater and at other locations on campus.

The Balch Arena Theater also hosts other performances of dance, lecture/demonstrations, as well as other special events. The theater's box office, costume shop, and scene shop employ qualified students to support the many theater-related activities throughout the year.

The Africana Center

http://go.tufts.edu/africana

Mission: The Africana Center was founded in 1969 to meet the needs and concerns of Tufts students of African descent. The Center supports the academic mission of the university by providing students access to a full range of academic, cultural and social resources. In addition, the director of the Center works closely with the administrative and academic offices of the university on issues of interest to students, and advocates proactively on their behalf. The Center is committed to helping students succeed at the university and preparing them to take leadership roles in their chosen fields.

Programs: The Center implements programs, such as the Students Quest for Unity in the African Diaspora (SQUAD) Pre- Orientation Program, Annual Orientation Retreat, a year-long Peer Leaders program for incoming first year students, and the "Ready to GO!" program for sophomores, all of which are designed to encourage and support the intellectual growth and awareness of Tufts undergraduates. Additionally, there are weekly facilitated group discussions with the Black Women's Collective and Black Men's Group. The Center also provides culturally focused lectures, workshops, concerts and films that reflect and celebrate the intellectual tradition of Black people in the Diaspora.

Resources: There is an on-site library with resource materials, a computer lab for student use, and a multi-purpose room that can be reserved for meetings or events. The staff of the Center also serves as a liaison to student organizations and assists with leadership development and programming initiatives and advisor to the residential unit, Capen House.

All students are invited to visit the Africana Center (8 Professors Row).

For additional information, contact the Africana Center by e-mail africana@tufts.edu, phone 617-627-3372, fax 617-627-3382, or visit http://go.tufts.edu/africana.

The Latino Center

http://ase.tufts.edu/latinocenter

Mission: The Latino Center, founded in 1993, provides resources for the growing Latino population at Tufts. Our primary mission is to create a supportive environment for students by offering programs and services that build a strong Latino community on campus. We serve as advocates for students and focus on initiatives that strengthen leadership skills in the university environment. We recognize the importance of family and community to the academic success of Latino students.

Programs: In collaboration with the Association of Latin American Students (ALAS) and academic departments, the Center coordinates Latino Heritage Month in October. Programs include the Latino Peer Leader Program, a retreat for first-year students and Latino Graduation.

Resources: The Center offers a friendly space for studying, group meetings, or informal conversation and access to our computer lab. Resources include a library of books, periodicals and videos reflecting Latino culture and experience and a bulletin board of jobs, internships, and scholarships. A newsletter, Noticias, is published by the Center throughout the year. The director offers advice on academic concerns, career selection, cultural identity issues, discrimination, family concerns, culture shock and successful adaptation to the university environment. The director is the advisor to the Association of Latin American Students (ALAS) and to La Casa, the residential house on campus.

Asian American Center http://ase.tufts.edu/asianam

Mission: The Asian American Center serves as a resource for the university and its Asian/Asian American communities. It supports the academic and personal development of students through programs and services that highlight the Asian American experiences and issues in society. Founded in 1983, the Center recognizes the distinct East Asian, Southeast Asian, and South Asian cultures and identities present in the Tufts community and advocates for students to promote a successful college experience.

Programs: The Center, often in collaboration with academic departments, other centers, and student organizations, directs educational programs focusing on Asians in the U.S. and the diaspora. Programs include a September retreat for first-year students, Fall Reception, alumni events, Asian American Jeopardy, Asian American book club, the Day of Remembrance program, and group discussions. In partnership with the Asian American Studies program, the Center provides lectures and film/discussion programs on topics that feature nationally prominent scholars, writers, and artists. The Center also oversees the Peer Leader Program, where upperclass students serve as mentors and resources to first-year students.

Resources: The Center has (fiction and non-fiction) books on the Asian American experience and maintains a weekly electronic newsletter to inform students of upcoming programs and opportunities. Students have access to computers and space for meetings and informal gatherings. The director provides academic and personal advising on course selection, majors and careers, transition to college, identity formation and development, and networking opportunities with alumni. The director also works with academic departments and other University Centers, programs, and offices to ensure that students' needs are being met.

The Center works with the Pan Asian Council (PAC), which include the Association of Multiracial People at Tufts, Chinese Students Association, Hong Kong Students Association, Japanese Culture Club, Korean Students Association, Singapore Students Association, South Asian Political Action Committee, Taiwanese Association of Students at Tufts, Thai Students Club, Tufts Asian Students Coalition, Tufts Association of South Asians, and Vietnamese Students Club. The director also serves as an advisor to the residential unit, Asian American House, located in Start House at 17 Latin Way.

The International Center http://ase.tufts.edu/icenter

Since 1952, the International Center has facilitated intercultural exchanges between American and international students, faculty, and research scholars. The Center works to increase the knowledge of intercultural issues and immigration laws affecting the Tufts international community. We also advocate on behalf of the international community to create a campus climate that respects cultural differences.

The Center provides immigration advising and visa documents for students, faculty, and scholars from 96 countries. We provide individual advising and coordinate a number of events throughout the year that include an undergraduate pre-orientation program, Global Orientation (GO) for first-year international and U.S. students and a leadership program for upper-class students. In conjunction with the International Club, the Center co-sponsors the selection and presentation of the Oliver Chapman Leadership Award to an exemplary senior at the annual Parade of Nations program.

The Center's programs for graduate international students include an orientation program and the Intercultural Conversation Program. An annual Thanksgiving Dinner is offered to all students, faculty, and scholars each fall. Additionally, workshops for both undergraduate and graduate students are co-sponsored by Career Services, the Counseling Center, Academic Resource Center, the Group of Six, and the International Center and focus on practical issues, adjustment, academic concerns, social justice, and post-graduation options. These programs allow students to engage in informal dialogue, become familiar with U.S. cultural practices, and meet other students, faculty and staff.

The Center offers workshops on U.S. employment opportunities and cultural re-adjustment issues, as well as resources for compliance with U.S. tax regulations and social security. We also administer the Laila Moshiri Yazdi emergency loan fund and the Oliver Chapman Fund to qualified students. The Center is a place for current students and alumni to connect and to remain in touch with Tufts over the years.

LGBT Center

http://ase.tufts.edu/lgbt

The Tufts LGBT Center seeks to provide a welcoming and intentional space that is open to the entire campus community while lifting the voices of people in LGBTQIA community. Founded in 1992, the LGBT Center offers a space for all students, faculty, and staff to explore their unique relationship to gender and sexuality through personal, political, or academic lenses. The LGBT Center strives to examine sexual and gender identity as they intersect with race, ethnicity, class, physical ability, religion, and other markers of identity.

The Center staff coordinates a first-year peer mentoring group called Team Q and also hosts peer-led discussion groups: LOQSOCA (Loving Ourselves as Queer Students of Color in Action), PLUS (Place of Love and Unity Support) Discuss (formerly Bi/Pan Group), QWAND (Queer Women and Non-Binary Discussion) Group, Ace Space (for asexual-spectrum students), Queer Men's Group, and T-Time (for transgender and non-binary students). The director of the Center also facilitates a confidential support/discussion group called QUERY, for students questioning their gender and sexual identity or are in various stages of coming out.

The Center director seeks to bring more awareness to LGBTQ concerns throughout the entire university, and also meets individually with students to discuss personal and academic issues. Additionally, the director advises Rainbow House (LGBT student housing), and works closely with numerous organizations and programs, including Jewish and Queer Students at Tufts (JQUEST), QSA (Queer Student Association), the LGBT Fletcher Student Group, oSTEM, and the LGBT Faculty-Staff Caucus. The director is also available to meet with students one-on-one as they explore issues related to navigating resources available on campus i.e healthcare for trans students, housing, and other needs LGBT specific needs.

Come by the LGBT Center Monday through Friday from 9am-5pm to hang out, speak with a staff member, meet up with friends, check out a book or video from our lending library, use one of our computers, or find a quiet place to study. Free safe sex supplies and information are also available. The Center's website features information about all of our programs and events, housing options, a Gender & Sexuality-related course list, and additional links to resources around Tufts, Boston, and beyond. You can also follow the Center on Twitter @TuftsLGBTCenter or Facebook www.facebook.com/tuftslgbtcenter for more information about LGBT Center events.

Women's Center

http://ase.tufts.edu/womenscenter

The Women's Center, located at 55 Talbot Avenue (next to lower Campus Center), is a space open to people of all genders and identities. Our mission is to work towards equality of all people, to claim control over our bodies and lives, to challenge patriarchal power structures, to educate ourselves, and to support and celebrate our achievements. Additionally, The Women's Center works intentionally to address and end the damaging impacts of an enforced gender binary. We welcome folks interested in topics and issues broadly related to the experiences of women, the impacts of sexism and misogyny, and the role of gender in all of our lives; the Women's Center particularly investigates gender at the intersections of other identities such as race, sexuality, class, and citizenship status. We are committed to intersectional feminism, fostering student leadership and creating spaces to identify and understand societal structures that relate to issues of power, privilege, and oppression.

Programs:

SAGE (Students Acting for Gender Equality) is the Women's Center Student Collaborative group. SAGE's mission is to foster an intentional and collaborative community in which we educate ourselves on gender and intersectional feminist issues while gaining the skills necessary to productively work towards gender and social justice at Tufts and beyond. Our meetings are held every Tuesday at 6:30 p.m. in the Women's Center.

POC (People of Color) CIRCLE: POC Circle is a new space dedicated to community care, solidarity, and intentional coalition building for all students who identify as People of Color at Tufts. Recognizing that a space like this hasn't existed continuously at Tufts, we hope to provide an informal setting to come together. We meet every other Thursday at 7-8:30pm in the Women's Center, starting Thursday, September 14th. People of Color of all gender identities are welcome.

First Friday Lunch Series: This program gives students an opportunity to meet and have lunch in a relaxed setting with members of the Tufts community whose role and/or research can help us navigate gender and social justice issues on campus and in the world. Held on the first Friday of most months during the school year.

Dinner and a Movie is a monthly Women's Center event that gives students the opportunity to watch a film in a relaxed setting with a Tufts faculty or staff member and to examine the film through an intersectional feminist and social justice lens. Held on the third Thursday of most months during the school year.

The Women's Center is open for Late Night Study on Mondays, Tuesdays, and Wednesdays during each semester from 7-11 p.m. For questions or more information, please contact the Director, K. Martinez at K.Martinez@tufts.edu

 Study abroad counts reflect students in Tufts-sponsored study abroad programs only.
 Continuing first-years are students who first attended Tufts University during a previous Fall semester but remain in freshman class standing.
 Habridge Year Fellows are Tufts students doing a year of full-time service (domestically or abroad), prior to beginning their academics studies at Tufts.
 Non-degree-seeking undergraduates are enrolled in undergraduate courses, but are not enrolled in a degree program.
 Undergraduate Exchange Students represent degree-seeking students from another institution who are registered at Tufts for the fall term.
 Postbaccalaureate Premedical Certificate Students are college graduates who are taking college-level pre-health coursework for the first time in preparation for health-related careers or graduate education. In Federal IPEDS reporting, they are considered graduate students.

Race/Ethnicity categories are defined according to federal guidelines. For details, see http://provost.tufts.edu/institutionalresearch/race-ethnicity-fag/.

 ¹ Total number of FTE students multiplied by estimated tuition and fees.
 ² Percent of students aided is based on FTE of bachelor's-seeking students not total headcount.
 ³ Includes all financial aid awarded to undergraduates, including SMFA undergraduates.

⁴ Prior to 2014-15, tuition remission was included in university scholarships.

¹ The six-year ("official") graduation time frame is the equivalent of 150 percent of the expected four years allotted to graduate, and is consistent with guidelines mandated in the federal Student Right to Know legislation. Deceased students are not included in the cohorts. Transfer students are also not included in these data.

² The definitions for the racial/ethnic categories shown here follow the Final Guidance on Maintaining, Collecting, and Reporting Racial and Ethnic Data to the U.S. Department of Education, 10/19/07, Federal Register, Volume 72, Number 202, pp. 59266-59279, as well as guidelines from the National Center for Education Statistics' Integrated Postsecondary Education Data System (IPEDS).

³ Includes students who received other financial aid as well as those that did not receive financial aid.

¹ In previous Fact Books, BFAs were separately itemized under "College of Special Studies".
2 These Biomedical and Biotechnology majors are offered as second or third majors only.
3 Both Liberal Arts and Engineering offer Computer Science degrees; these are itemized separately.
4 Other Engineering includes the majors: Engineering, Engineering Science, and No Major.

 ⁵ In Fall 2014, Child Development changed its name to Child Study and Human Development.
 ⁶ Prior to Fall 2015, Community Health was offered as a second or third major only.
 ⁷ Both Liberal Arts and Engineering students may major in Engineering Psychology. Figures shown represent students from both schools.
 ⁸ Environmental Studies is offered as a second or third major only.
 ⁹ In Fall 2013, the Women's Studies program changed its name to Women's, Gender, and Sexuality Studies.
 ¹⁰ Total Undergraduate (Majors) represents the count of majors that students graduated with. Many students had more than one major.
 ¹¹ Total Undergraduate (Psychology) represents the count of degrees that were awarded. Some children multiple backelogs degrees.

¹¹ Total Undergraduate (Degrees) represents the count of degrees that were awarded. Some students receive multiple bachelor's degrees.

12 Total Undergraduate (Students) represents the unduplicated count of students who graduated with bachelor's degrees in the academic year listed.

¹³ Includes Fine Arts degrees; in previous fact books these were separately itemized under "Special Studies."

Studio Arts Diploma, previously awarded by the SMFA and now awarded by Arts & Sciences.
 Awarded with the MD (MD/MBA); as of 2013-14, no longer awarded by Tufts.
 Total Degrees Granted reflects the number of degrees awarded, not the number of people who received degrees. For example, students who were awarded an MD and an MPH are counted twice to account for these two degrees.

4 Total number of students who graduated. These students could have earned one or more degrees. Figures not available prior to 2013/2014.

⁵ Includes EDS degrees.

Construction Update

Please see the Tufts construction website for more detailed information at construction.tufts.edu

MEDFORD/SOMERVILLE CAMPUS

Science & Engineering Complex

The Science and Engineering Complex (SEC) opened in September 2017. It is a integrated teaching and research center featuring state-of-the-art laboratories for undergraduate and graduate students. Located between Anderson, Robinson, and Bromfield-Pearson Halls, the SEC project includes a 79,000ft² laboratory addition connected via atriums to Anderson and Robinson (96,000ft²), as well as a full renovation of Robinson and upgrades to Anderson. Totaling 175,000ft², the new complex is a dynamic center of collaborative research, featuring high-end facilities strategically surrounded by the university's science, math, and engineering departments.

Central Energy Plant

The new Central Energy Plant on Boston Avenue is in testing prior to operations and will soon replace the aging, 60-year-old, existing plant to be demolished when the new plant is up and running. The Central Energy Plant will provide electricity, steam, hot water for heating and chilled water for cooling to the upper campus and the new Science and Engineering Complex (SEC). This project is part of the University's commitment to sustainability and modernization of our infrastructure. The project is scheduled to be completed in the Winter of 2018.

Haskell Hall Exterior Renovation

Haskell Hall is undergoing a 2-summer building envelope restoration as part of the ongoing residential building renewal program. The work includes mainly exterior rehabilitation, including new windows, roofing, and repointing of the masonry façade. Work inside of the building includes upgrades to the mechanical systems. The building will also receive new card-activated locks on all of the sleeping rooms.

Sci-Tech Building

A new roof was installed in the final third of the building, following similar work the previous year. The building's electrical systems are currently undergoing an upgrade, including installation of a new, larger generator, and segregation of circuits for emergency backup.

Electronic Door Locks

Over the course of the next few years, Tufts is undergoing a wholesale replacement of the door locks in residential buildings. This new system will provide card access to the buildings and sleeping rooms. The card access will allow for more efficient service to students and a higher level of security to prevent unauthorized access. The new locks have already been installed in Latin Way, and will be installed in Wren, Haskell, Stratton, Metcalf, and Carmichael in the summer of 2018. Additional buildings will be upgraded in subsequent years.

Latin Way Roof Replacement

An emergency replacement of the roof at Latin Way was performed in the summer of 2017. This work was deemed necessary after a routine inspection of the building, when leaks and damage to the structure and rooms below was found. The new roof will provide more than 20 years of service in this high-occupancy residence hall.

Learning Spaces Classroom Upgrades

As part of an annual program, 8 classrooms were selected for upgrades. Rooms in Anderson, Cabot Center, Robinson Hall, SEC, Sophia Gordon, and Tisch Library were upgraded in the summer of 2017. The scope of work included varying combinations of new furniture, audio visual, lighting, and other features. The program is expected to continue in the summer of 2018.

Intersection of College and Boston Avenues

Always a challenging pedestrian area, the intersection at Boston Ave and College Avenue received an overhaul during the summer with an emphasis on pedestrian safety. Wider sidewalks, better lane markings, new crosswalk striping, and an additional traffic signal were installed to create an intersection that manages both vehicular and foot traffic in a clearer way.

BOSTON - HEALTH SCIENCES CAMPUS

New Anatomy Lab

A new anatomy lab was launched in third floor of the M&V building in January 2018. The new lab and related infrastructure improvements will expand into 24,200ft² in the M&V building, including the entire 3rd floor (13,340ft²), part of the basement floor (5,600ft²) and a connecting stair and additional infrastructure space (5,200ft²), providing a state-of-the-art gross anatomy teaching space. The project demolition phase started in November 2016 and follow-on work has an expected completion in mid-2018.

BOSTON-SCHOOL OF THE MUSEUM OF FINE ARTS (SMFA) CAMPUS

With the Arts program expanded to the SMFA campus, Tufts is managing new studio, teaching, and administrative spaces (115,000 square feet in two buildings) as well as residential leased spaces. On behalf of the landlord, Tufts has updated code, life safety, HVAC and accessibility provisions on the premises, plus extended Tufts communications and network systems to them.

GRAFTON CAMPUS

Foster Hospital for Small Animals Addition and Renovation

The Foster Hospital for Small Animals addition was opened in May of 2017 after renovating 18,000 ft² of existing clinical space and expanding the entry and waiting area by 4,000 ft². The completed project greatly enhances clinical efficiency and capacity, as well as creating a landmark entry to the facility.

Equine Sports Medicine Complex

A 14,000 ft² equine diagnostic arena was substantially complete in May of 2017 and occupied in fall. A small diagnostic wing and faculty offices were combined with an indoor riding area for lameness cases, and various site improvements including parking, outdoor diagnostic areas, stormwater systems and new water piping to the east side of campus.

Special Programs in Residence

Small Group Housing offers undergraduates a chance to live with students who share cultural or academic interests. There are sixteen small group units, each offering an assortment of activities/programs for residents.

Capen House —Located at 8 Professors Row, the Capen House offers students interested in Africana culture a place to live together and share common experiences. Programs such as the Peer Advisor Program and celebration of Black History Month are coordinated in cooperation with the Africana Center.

Arts Haus —The Arts Haus, is located at 37 Sawyer Avenue (Bartol House). Students interested in an active and artistically diverse environment live together in the Arts Haus. During the year there are numerous events that encompass a wide variety of artistic mediums.

Asian American Culture House —The Asian American House, located at 17 Latin Way (Start House), welcomes students interested in learning about the Asian American experience. Residents of the unit are required to organize activities related to the Asian American experience. Past activities have included art exhibits, food fairs, informal afternoon gatherings with faculty, and discussions/talks on Asian American issues and topics.

Chinese Language House —The Chinese House is a language based housing unit sponsored by the Chinese Program. It is located at 92 Curtis St. The mission of the Chinese House is to provide language-learning experience outside of the classroom and to promote and facilitate cross-cultural exchange and understanding within the larger community at Tufts.

Crafts House —The Crafts House, located at 14 Professors Row (Anthony House), is a cooperative living and learning community. The members are dedicated to the operation of the Crafts Center, which provides an opportunity for unit members to conduct workshops and share craft knowledge and techniques. The Crafts House also operates as a food cooperative, where residents share responsibility for the purchase, preparation, and clean-up of meals.

French Language House —The French House is located at 11 Whitfield Road (Schmalz House), and has space for two French exchange students. Its *raison d'être* is to give Tufts students the opportunity to improve their French language skills and gain more exposure to French and francophone cultures by living with French students and by participating in gatherings that bring together the francophone community of Tufts.

German Language House —The German House allows residents to improve and enhance their understanding of the German language and culture. It also acts as a resource center, offering practice sessions to students studying German. Residents also sponsor "Coffee Hours" throughout the year. It is located at 21 Whitfield Road (Wyeth House.)

Green House —The Green House is located in the D250's in Latin Way and is intended as a focal point for the environmentally-minded community on the Tufts Campus. By bringing Eco-friendly students, organizations, and faculty together they promote the spread of knowledge and passion for sustainable living. The house provides a living space for environmentally interested students, and a meeting place for the larger Tufts community.

International House — The philosophy of the house is to create an environment in which residents can experience an intercultural living arrangement. The International House consists of residents who represent a mix of students from different nationalities and cultures, including representation of Americans. The goal of the house is to foster intercultural friendships and experiences. The house is located at 13 Sawyer Avenue (Davies House).

Japanese Language House —The Japanese House, located at 12 Dearborn, provides residents an opportunity to develop a greater understanding of the Japanese language and culture. The residents gather biweekly for dinner and weekly for language "chats" and celebrate Japanese holidays and cultural events.

Jewish Culture House —The Bayit House provides a setting in which students can live and develop in a Jewish communal atmosphere. Residents sponsor programs aimed at informing the community about Jewish issues and culture. The residents also maintain a kosher kitchen. This house is located at 98 Packard Ave (Hall House).

Special Programs in Residence, Continued

La Casa —The Latino Culture house provides a support system to the Latino Community at Tufts. It welcomes students who are interested in the Latino culture and Latino issues. Residents sponsor activities and events to promote a greater understanding and appreciation of Latino culture in conjunction with the Latino Center. The Latino Culture house is currently located at 8–10 Whitfield Road (Milne House).

Muslim Culture House —The Muslim Culture House, located at 176 Curtis Street, offers both Muslim and non-Muslim undergraduates the opportunity to live in a friendly, diverse environment. It provides one the opportunity to enhance their cultural experience while creating new friendships and participating in social events.

Rainbow House —The Rainbow House, located in the 160s of Hillside Apartments, provides an atmosphere where members of the LGBT community can live and interact. The unit brings issues of lesbian, gay, bisexual, and transgender students to the entire Tufts community through educational, social, and community programming. The Rainbow House also serves as a social outlet for lesbian, gay, bisexual, and transgender students and their friends.

Russian/Slavic Culture House —The Russian/Slavic Culture House, located at 101 Talbot Avenue, provides a unique atmosphere where residents with similar interests can develop an increased understanding of Russian and East-European culture through lectures, films, and ethnic dinners. Residence is open to any returning student who meets the following criteria: is taking courses in Russian and East-European culture and history, is of Slavic or East-European background, or has demonstrated interest in the field. Knowledge and use of Russian is not a requirement, though the unit does provide an opportunity for language practice.

Spanish Language House —The Spanish House enables residents to develop greater fluency in the language and enhance their understanding of Spanish/Latin American countries, lifestyles, and cultures. Residents hold weekly events, where members of the Tufts community can stop by and enjoy Spanish refreshments and conversation. The unit is located at 125 Powder House Boulevard (Chandler House).

³ Classroom category includes, for example, classrooms, auditoria, teaching labs, etc.

⁴ General Use category includes, for example, exhibition halls, food facilities, merchandizing, etc.

⁵ Health Care category includes, for example, clinics, support space, etc.

⁶ Laboratory category includes, for example, science and engineering research labs, core facilities, support space, etc.

⁷ Office category includes, for example, private or shared or open offices, conference rooms, support space, etc.

⁸ Residential cateogry includes, for example, dorm rooms, support spaces in residential facilities, etc.

⁹ Special Use Facilities category includes, for example, media production, greenhouses, etc.

¹⁰ Study category includes, for example, library space, study rooms, etc.

¹¹ Support category includes, for example, building storage, machine shop, etc.

¹² Unclassified Space category includes spaces that are temporarily inactive, for example, unfinished or areas under renovation.

¹³ Unassignable category includes all spaces that are not usable for occupancy, for example, elevators, public restrooms, public corridors, structural space, etc.

Energy Emissions

Tufts University Greenhouse Gas Emissions

Tufts has reduced its carbon emissions in accordance with the Kyoto Protocol (7% below 1990 levels by 2012) and is progressing towards the goals of the New England Governors/Eastern Canadian Premiers Climate Change Action Plan (10% below 1990 levels by 2020 and 75-85% long term) and the Massachusetts Global Warming Solutions Act of 2008 (10-25% below 1990 levels by 2020 and 80% reduction below 1990 by 2050). In 2016, President Tony Monaco signed the Second Nature Climate Commitment, an integrated climate commitment for university leaders on carbon neutrality and resilience. This commits Tufts to determine a carbon neutrality goal date and create a climate action plan to get there.

Tufts University Solid Waste Data in U.S. Tons

These numbers represent glass, metal and plastic containers, paper, cardboard and trash from classrooms, offices and residential areas in Boston, Medford/Somerville and Grafton. Tufts' three campuses recycle a variety of additional materials, such as mattresses, furniture, tennis balls and electronics, to name a few.

Libraries-Descriptions

The Tufts University libraries support the educational and research programs of the university through service to students, faculty and staff. On the Medford/Somerville Campus are the Tisch Library, the Lilly Music Library, the Edwin Ginn Library of The Fletcher School of Law and Diplomacy, and the Digital Collections and Archives, which manages the university's digital collections and the university's permanent records and collections in all formats. The W. Van Alan Clark, Jr. Library on the Boston SMFA campus serves the SMFA at Tufts. The Hirsh Health Sciences Library on the Boston Campus serves the Schools of Medicine, Dental Medicine, the Sackler School of Graduate Biomedical Sciences, the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy, and the Jean Mayer U.S.D.A. Human Nutrition Research Center on Aging at Tufts University. The Webster Family Library of Veterinary Medicine, located on the Grafton campus, supports the clinical programs of both the Large Animal Hospital and the Foster Hospital for Small Animals, as well as the informational needs of the students in the Doctor of Veterinary Medicine (DVM), Master's and PhD programs.

The Tufts libraries share one Integrated Library Management System (ILMS), Ex Libris' Alma. The catalog provides access to resources physically and virtually available within the Tufts libraries and beyond. Along with the catalog of the libraries' rapidly expanding collections, the Tufts libraries' web pages feature an array of electronic databases, research assistance tools, connection to teaching support and a wide variety of services. Resources are selected by the libraries for their value to Tufts faculty and students, and include a substantial number of electronic resources: over 75,000 electronic journals, which contain full-text articles and over 800 electronic databases and indexes.

Students and faculty can request delivery through the Tufts libraries from the resources of the academic and research libraries belonging to the Boston Library Consortium (https://blc.org/) and through interlibrary loan to library collections throughout the world.

Tufts libraries are members of the Eastern Academic Scholars' Trust (EAST), a shared print retention partnership of 60libraries in the eastern region of the US. Collectively, EAST members have agreed to retain more than 6 million scholarly monographs for a period of at least 15 years. Tufts libraries are also members of the Hathitrust Digital Library (https://www.hathitrust.org/), and the Digital Preservation Network (http://dpn.org/).

The Tisch Library http://tischlibrary.tufts.edu

Tisch Library provides resources and services for all the programs in the Schools of Arts, Sciences, and Engineering (AS&E) and the School of the Museum of Fine Arts at Tufts (SMFA). In terms of physical size, collections, and staff, Tisch is the largest of the libraries at Tufts. There are two branch locations, Lilly Music Library (http://tischlibrary.tufts.edu/use-library/music-library) and the W. Van Alan Clark Fine Arts Library at the SMFA (https://tischlibrary.tufts.edu/use-library/smfa-tufts-library).

Tisch Library is centrally located on the Medford campus. It is a 174,000-square foot, handicapped-accessible building. Study and collaborative work areas are located throughout, with seating capacity for over 1,000. Tisch is the home of the Digital Design Studio (https://tischlibrary.tufts.edu/use-library/digital-design-studio-dds), the DataLab (https://sites.tufts.edu/datalab/), and Tufts' Digital Collections and Archives (http://sites.tufts.edu/dca/). The facility also includes two computer classrooms for instruction, group study rooms, a late-night study room, and a café.

Tisch has an extensive instruction program integrated into the curriculum. Principles of information literacy are incorporated in learning objectives designed by departments and programs specific to those areas of study. Instruction is provided in classrooms within and outside of the library. Individualized research assistance is provided through a variety of formats including one-on-one consultation, Research Hub drop-in help, email, chat, and text messaging. Research librarians are available daily. Tisch Library provides research guides in all major subject areas and for hundreds of specific courses.

Tisch has significant collections of books, journals, databases, digital primary sources and more to support the curricular and research needs of the Schools of Arts, Sciences, and Engineering. Tisch special collections include the personal library of Hosea Ballou II, the Ritter Collection of musicology, the Bolles Collection of English history and a growing collection of rare books and manuscripts, with particular strengths in medieval and Renaissance materials. The special collections of the W. Van Alan Clark Fine Arts Library feature limited edition and rare artists' books.

Libraries-Descriptions, Continued

The Tisch Library, Continued

Tisch Library provides general computing and printing facilities including both Mac and PC public computers as well as circulating laptops, iPads, cameras, and other equipment. Public computers are equipped with extensive software. The Learning and Teaching Commons (LTC), a classroom used for library instruction sessions, contains 25 laptops and a multi-screenprojector system. The Mark Lab, a dual-platform instruction space, includes additional software. Printing (black-and-white and color) and copying are available for a fee, and scanning equipment is available without fees. The library is a depository for federal government publications. The library has begun to digitize its special collections and integrate them into classroom projects.

Ginn Library-The Fletcher School http://ginnlibrary.tufts.edu

The Edwin Ginn Library of the Fletcher School of Law & Diplomacy is one of the largest specialized libraries in the field of international affairs. The library houses rich collections in the following subject areas: international law and organizations, human rights, economic and political development, energy resources and environmental issues, international security and peacekeeping, conflict negotiation, and international finance. Ginn Library possesses document collections from the League of Nations, the United Nations and numerous international organizations, and maintains a large collection of international treaty documents. Case reports of the International Court of Justice, the European Court of Justice and the European Court of Human Rights are also housed here.

Originally deposited in the Ginn Library, the papers of Edward R. Murrow and of Ambassadors John Moors Cabot and Philip Kingsland Crowe can now be found in the Tufts Digital Collections and Archives where they are available for research.

Ginn Library maintains computers and printers as well as a computer classroom used for instruction as well as public computing. Also located in the library is a walk-up service point (called the Tech Desk) for patrons to receive technology assistance for their personal devices. Patrons can use one of our study rooms or collaboration stations for group work.

The Hirsh Health Sciences Library http://hirshlibrary.tufts.edu/

The Hirsh Health Sciences Library provides resources to support the education, research and clinical roles of Tufts Schools on the Boston Campus (including the Schools of Medicine and Dental Medicine, the Sackler School of Graduate Biomedical Sciences, the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy, the Jean Mayer U.S.D.A. Human Nutrition Research Center on Aging at Tufts University, and Tufts Medical Center).

The library and its services are integrated into the curricula of the Boston Campus schools, where it teaches information management skills and helps the students access a variety of resources directly and through the learning management system, TUSK (tusk.tufts.edu). The staff work with students in class and one-on-one to answer questions and improve their skills and is closely tied to the educational goals of the schools.

The librarians work with faculty and clinicians to improve their research skills and to meet their regular information needs to patient care. This is done online, on the phone, and in-person wherever the library and the inquirer interact.

Students and clinical faculty receive their first tier of computing support at the library where Tufts Technology Support Staff can do basic repairs in addition to software support and system scanning and reinstallation. We also circulate laptops and iPads to library patrons who need them to augment their study or work.

With the completion of the Sackler Center renovation in 2009, the library developed into a Boston campus student center, with a café, easy access to the library resources, quiet study spaces, and a variety of computing facilities. At 38,000-square-feet, the space comfortably seats 900 patrons, with accommodations both for individuals and for groups. Classrooms, computer labs, and seminar rooms are equipped with state-of-the-art presentation equipment and relevant software for teaching and studying. Public computer workstations are positioned throughout the library and building-wide wireless allows access to the Tufts Network and internet.

The Hirsh Health Sciences Library works with the Tufts Libraries to provide access to over 60,000 electronic journals of which over 5,000 are focused on biomedical topics and over 4,000 electronic biomedical textbooks. These electronic collections are continually growing to meet the needs of the students and faculty.

Libraries-Descriptions, Continued

Webster Family Library of Veterinary Medicine http://www.library.tufts.edu/vet/

The Veterinary Library, located on the Grafton campus, contains the largest collection of clinical veterinary medicine literature and resources in New England. The library provides access to books, journals and audio-visual materials, in the fields of medicine and surgery for large, small, and exotic animals; animal welfare; wildlife diseases and ecology; zoonotic diseases; conservation medicine; laboratory animal science, and veterinary practice management. The library also houses the John A. Seaverns Equine Collection, a special collection focusing on equine topics, dating from 1571 to 1994. Approximately 1,500 of these books have been digitized and are available online through the Internet Archive.

The library staff promotes information literacy for students, faculty and staff. It has oversight of the School's use of the learning management system (TUSK), support of faculty in academic uses of technology and coordination of information and computer literacy training opportunities for faculty, staff and students.

Digital Collections and Archives (DCA) http://dca.tufts.edu/

Digital Collections and Archives (DCA) supports the teaching and research mission of Tufts University by ensuring the enduring preservation and accessibility of the university's permanently valuable records and collections. DCA assists departments, faculty, and staff of all schools and divisions of the university in managing records and other assets. DCA collaborates with members of the Tufts community and others to develop tools to discover and access collections to support teaching, research, and administrative needs in addition to providing reference and instruction services.

In collaboration with Tufts Technology Services (TTS) Educational Technology Services, DCA provides the University with management services for digital assets with enduring value through the Tufts Digital Library (http://dl.tufts.edu). DCA and Educational Technology Services develop tools to access and interact with collection content to support research, curricular, administrative, and legal needs.

DCA's collections include over 4 TB (terabytes) of digital data and approximately 8,000 linear feet of archival and manuscript collections. The Tufts History Collection brings together historical photographs, documents, and secondary sources that create a picture of the college on the hill over its history. A centerpiece of the collection is the online Concise Encyclopedia of Tufts History, an ongoing project to capture more than 150 years of Tufts' achievements, societal contributions and outstanding alumni and faculty in concise entries. In addition to University records, DCA holds the papers of such notables as Edward R. Murrow, Walter B. Wriston, author Marc Brown, and poet John A. Holmes, as well as the records of the World Peace Foundation and the Center for Health, Environment, and Justice. Online holdings include more than 25,000 digital images, an extensive collection of resources on the history of London digitized from the collection of Tufts professor Edwin C. Bolles, and the Boston Streets Project, which brings together unique photographic collections from historical institutions in Boston with maps and city directories to facilitate research on Boston's people and places.

Endowment and Funds Functioning as Endowment

The Endowment Funds of the University exist to support current operations over the long term. Investment income from the endowment provides support for new and ongoing programs independent of revenues from tuition, gifts, or other sources.

Undergraduate represents the total number of individuals receiving each respective number of degrees. It eliminates any duplicates between A&S and Engineering.
 Honorary degree holders include only those honorary degrees that were received by distinguished individuals at commencement, not those who received degrees after not completing coursework due to extenuating circumstances.
 This total represents the total number of degrees awarded, not total number of individuals who have received degrees.

Alumni Relations at Tufts

The Office of Alumni Relations (OAR), within the University Advancement division at Tufts University, is responsible for keeping Tufts graduates connected to the University throughout their lives. The OAR promotes engagement opportunities to activate alumni assets in support of the University's strategic goals. The programs, activities, events, benefits, services, and volunteer opportunities offered to alumni by OAR engage alumni by bringing them together, keeping them up to date about new and exciting developments within the many areas of the University, supporting alumni leaders in their volunteer efforts, and recognizing and honoring alumni for their service to the University and their professional achievements.

There are currently over 114,000 living Tufts alumni. This number includes alumni who hold undergraduate degrees as well as those who received graduate and professional degrees. Upon graduation, every Tufts University graduate automatically becomes a member of the Tufts University Alumni Association (TUAA), and is a member for life, free of charge. TUAA, which celebrated its Sesquicentennial (150th anniversary) in 2010, is governed by the Tufts Alumni Council, a body of over 200 members elected by alumni and representing a broad range of demographics. Through their committees the Council collaborates with the professional staff in OAR to develop and implement alumni programs.

Tufts University stays in touch with alumni by sending Tufts Magazine to all graduates three times annually and through other print and electronic media. Alumni also regularly receive invitations to volunteer, serve, participate in Tufts activities and attend Tufts Alumni events throughout the world. The Tufts Alumni website, https://alumniandfriends.tufts.edu/ is the source of information on every facet of alumni programming, including those described briefly below:

The Tufts Online Community features an alumni directory that Tufts alumni can use to search for friends and network with other alumni around the world. The directory is searchable by geographic area, area of employment, and field of study. Alumni can also use the Tufts Online Community to update their contact information, manage their Tufts email forwarding account, and access subscription research databases through the Tufts' libraries. Visit https://alumniandfriends.tufts.edu/join-our-community to learn more.

The Tufts Career Networking Group on LinkedIn at https://www.linkedin.com/groups/8280010 is a career networking community exclusively for Tufts University students, alumni, faculty, and staff. With more than 7,500 members, this forum enables alumni to share/request career-related information and informational interviews, referrals, and advice across industries and geographic locations.

Alumni Relations at Tufts, Continued

<u>Programs</u>: Homecoming, Alumni Weekend and Reunions, Back to the Hill, and Tuftonia's Day are held each year on the Medford campus.—The Tufts Travel-Learn Program and the Osher Institute for Lifelong Learning provide educational classes and trips for alumni, parents of alumni, and friends of all ages.

Programs are offered through 75 regional and international chapters and 25 shared interest groups as well as online. The regional and shared interest group chapters foster a community for Tufts alumni, parents and friends and may work with other local university alumni groups on special events. These chapters are led by alumni volunteers who work closely with the Alumni Relations Chapter Programs team. Typically, there are over 250 social, educational and special events throughout the year. Many programs are offered on campus to connect current students with alumni, and to foster among them a strong and lasting connection with Tufts before they graduate.

Specific regional chapter contact information can be found in the Alumni Chapter Directory at https://alumniandfriends.tufts.edu/join-our-community/regional-chapters There are also 27 Shared Interest Groups (SIG's) serving alumni, parents, and friends who affiliate based on profession, academic major, activity, or background. These volunteer organizations include the Tufts Lawyers Association, Real Estate Network, Black Alumni Association, and Pride on the Hill (LGBT alumni). More information about joining or starting a SIG can be found at https://alumniandfriends.tufts.edu/join-our-community/shared-interest-groups

Recognition: TUAA annually recognizes the achievements and dedication of Tufts alumni for exceptional service to Tufts, community, or profession at the annual Alumni Awards. In addition, each year TUAA acknowledges the leadership of outstanding students at the Senior Awards.

Professional School Alumni:

Graduates of Tufts University's professional, graduate, and undergraduate schools and programs are all members of TUAA. Graduate school alumni should also visit their school website for additional alumni resources:
