Preface

The 2023-2024 Fact Book is a compilation of information about Tufts University's students, staff, facilities and finances. It is our belief that this information should be available to anyone interested in Tufts University. The data collected here represents the Fall 2023 semester (except when noted); wherever possible, we have also provided historical data. For almost all metrics, we have kept data definitions and reporting methodologies consistent. In the few cases in which data are reported differently, we have indicated the difference in footnotes.

The university is a dynamic entity, and changes occur frequently. The most current version of the Fact Book, which includes updates and corrections, is posted on the Office of Institutional Research website (<http://provost.tufts.edu/institutionalresearch>). This year's edition is in a different format with individual PDFs in each section.

Various University departments are responsible for providing the information presented here. We wish to thank everyone who assisted in this production. As always, we encourage your comments and suggestions.

¹ Includes only Tufts-sponsored off-campus programs. Does not include students enrolled in non-Tufts study abroad programs.

² In Fall 2023 there were 70 full-time and 1 part-time transfer students.

³ Continuing first-years are students who first attended Tufts University during a previous Fall semester but remain in freshman class standing.

⁴ Non-degree-seeking undergraduates are enrolled in undergraduate courses but are not enrolled in a degree program.

⁵ Undergraduate Exchange Students are degree-seeking students from another institution who are registered at Tufts for the fall term.

⁶ Postbaccalaureate Premedical Certificate Students are college graduates who are taking undergraduate pre-health coursework for the first time in preparation for health-related careers or graduate education. In Federal IPEDS reporting, they are considered graduate students.

⁷ Tufts Education Reentry Network (MyTERN) certificate is a 4-course undergraduate-level program for individuals impacted by the carceral system.

¹ Total degrees awarded reflects the number of degrees awarded, not the number of people who received degrees.

² Total number of students who graduated. These students could have earned one or more degrees.

³ In previous Fact Books this total also included post-baccalaureate premedical certificates, which are now included under "Graduate Degrees."

⁴ Studio Arts Diploma is no longer offered as a program as of 2021/22

⁵ Includes post-baccalaureate certificates.

¹ Studio Arts Diploma, previously awarded by the SMFA and now awarded by Arts & Sciences.

² Total Degrees Granted reflects the number of degrees awarded, not the number of people who received degrees. For example, students who were awarded an MD and an MPH are counted twice to account for these two degrees.

³ Total number of students who graduated. These students could have earned one or more degrees.

⁴ Includes EDS degrees.

⁵ These occupational categories are based on those used for reporting to the National Center for Education Statistics (NCES) Integrated Postsecondary Education Data System (IPEDS) Human Resources (HR) Survey. The categories are derived from the 2018 Standard Occupational Classification (SOC) system, a federal statistical standard used by federal agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data (See <https://www.bls.gov/soc/>). The IPEDS HR Occupational Categories collapse SOC codes into broad categories appropriate for higher education (See <https://surveys.nces.ed.gov/ipeds/visHRSOCBrowse.aspx>). For this table, some additional groups were collapsed for clarity or due to small Ns.

⁶ Faculty include only those individuals who are paid directly by Tufts and whose primary appointment is labeled "Faculty." Administrators who have faculty appointments but who are categorized as staff in PeopleSoft are not included in these faculty counts.

¹ One A&S faculty holds a tenure-track joint appointment in two A&S departments: Education and Chemistry (both TT). These appointments are counted once in each relevant department, but only once in all totals and subtotals. ² Three A&S professors hold tenured joint appointments in A&S as well as other schools: History and Fletcher; Psychology and Engineering (Comp. Sci.); and Education and Engineering (Chem. & Bio. Eng.). These appointments are counted once in each school, but only once in the university total.

³ Four tenured Engineering professors hold joint tenured appointments in Engineering as well as other schools. One of the appointments is joint between Chemical & Biological Engineering and Arts & Sciences (Education), and the remaining three are joint with Computer Science—one with the Fletcher school and two with A&S (Psychology and Mathematics). These appointments are counted once in each school, but only once in the university total.

⁴ The total number of AS&E Faculty here represents unique individuals; all those with joint appointments are counted only once.

⁵ The Cummings School of Veterinary Medicine faculty are not eligible for tenure. The faculty shown here include all those with “continuous term” appointments, including those currently serving as university administrators, as well as full-time non-continuous term-track faculty with unmodified titles.

⁶ Two Fletcher professors hold joint tenured appointments with other schools at Tufts. One joint appointment is with A&S (History) and one is with Engineering (Computer Science). These appointments are counted once in each school, but only once in the university total.

⁷ Friedman SNSP did not offer tenure or tenure-track positions until 2006-07.

Endowment and Funds Functioning as Endowment

The Endowment Funds of the University exist to support current operations over the long term. Investment income from the endowment provides support for new and ongoing programs independent of revenues from tuition, gifts, or other sources.

¹ Undergraduate represents the total number of individuals receiving each respective number of degrees. It eliminates any duplicates between A&S and Engineering.

² Honorary degree holders include only those honorary degrees that were received by distinguished individuals at commencement, not those who received degrees after not completing coursework due to extenuating circumstances.

³ This total represents the total number of degrees awarded, not total number of individuals who have received degrees.
